### PROCLAMATION 2661

#### FIRE PREVENTION WEEK, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

#### A PROCLAMATION

WHEREAS uncontrolled fire, even in normal times, takes a heavy toll of our human and physical resources; and

WHEREAS the needless waste of lives and property occasioned each year by preventable fires has attained increasingly grave proportions; and

WHEREAS a high degree of individual responsibility and united effort are necessary to overcome this national menace:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby designate the week beginning October 7, 1945, as Fire Prevention Week.

I earnestly desire that every citizen assume a personal responsibility for detecting and eliminating fire hazards under his control and take all possible precautions to safeguard both lives and property from the ravages of fire. I also request that the State and local governments, the Chamber of Commerce of the United States, the National Fire Waste Council, business and labor organizations, the churches and schools, civic groups, and the various agencies of the press, radio, and motion-picture industry throughout the country bend every effort to the attainment of the objectives of Fire Prevention Week; and I direct that the appropriate agencies of the Federal Government likewise assist in every practicable way the enlightenment of the public with respect to the purposes of a sound fire-prevention program.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 22nd day of August in the year of our Lord nineteen hundred and [SEAL] forty-five, and of the Independence of the United States of America the one hundred and seventieth.

HARRY S. TRUMAN

## TITLE 30—MINERAL RESOURCES

### Chapter VI—Solid Fuels Administration for War

[SFAW Suspension Order 5]

#### PART 602—GENERAL ORDERS AND DIRECTIVES

##### FLATBUSH COAL AND OIL CO.

Bennie L. Galumbeck, 2036 McDonald Avenue, Brooklyn, New York, is engaged

in the business, under the name of Flatbush Coal and Oil Company, of buying and reselling anthracite as a retail dealer. An investigation by SFAW in July 1945 disclosed that Galumbeck had since April 1, 1945, received an amount of anthracite nearly three times in excess of the amount permitted to be received by SFAW Regulation No. 28, as amended, and that, in violation of that regulation, most of this tonnage had been received by Galumbeck from suppliers who had not furnished him with anthracite during the applicable base period.

In a letter dated July 27, 1945, Galumbeck was given notice of the results of the SFAW investigation and was informed that he might submit any explanations as he might care to offer or any facts deemed by him to be pertinent to demonstrate why a suspension order should not be issued against him.

Galumbeck appeared with counsel at a conference with representatives of SFAW. He did not deny that he had received anthracite in violation of the provisions of SFAW Regulation No. 28, as amended, nor did he submit any explanations or facts to demonstrate why a suspension order should not be issued against him. However, Galumbeck stated that on or before August 18, 1945, pertinent information and explanations would be submitted in writing under oath. No such information or explanations have been received.

In view of the foregoing, *It is hereby ordered:*

(1) Bennie L. Galumbeck, doing business as Flatbush Coal and Oil Company, his successors or assigns, shall not acquire, sell, transfer, ship, deliver, or otherwise distribute those sizes of anthracite the distribution of which by retail dealers is regulated by the Solid Fuels Administration for War.

(2) No producer, wholesaler or retail dealer shall sell, transfer, ship, deliver, or otherwise distribute any of the sizes of anthracite referred to in (1) above to Bennie L. Galumbeck, doing business as Flatbush Coal and Oil Company, his successors or assigns.

(3) Nothing in this order shall be deemed to prohibit Bennie L. Galumbeck, doing business as Flatbush Coal and Oil Company, his successors or assigns, from selling the sizes of anthracite referred to in (1) above in transit to or for his account, or in his possession or control, on and after the effective date of this order, to other retail dealers doing business in New York, New York: *Provided*, That he sells such anthracite pursuant to written consent and instruction of the Regional Representatives of the Solid Fuels Administration for War in New York, New York.

(4) This order shall become effective five days after the date of the service thereof, unless otherwise hereafter ordered.

(5) This order shall be in effect until April 1, 1946, unless otherwise directed.

Issued this 24th day of August 1945.

*Deputy Solid Fuels  
Administrator for War.*

## PART 1010—SUSPENSION ORDERS

[Suspension Order S-691, Revocation]

## DIVISION AVENUE BUS LINE

Robert Christian, doing business as Division Avenue Bus Line, Grand Rapids, Michigan, was charged by the War Production Board with having done construction during September and October, 1944, without permission of the War Production Board, of a garage on his premises at 4418 South Division Avenue, Grand Rapids, Michigan, at an estimated cost in excess of \$200, in violation of Conservation Order L-41. Suspension Order No. S-691 was issued against Division Avenue Bus Line on January 16, 1945. In view of the fact that Conservation Order L-41 as amended June 8, 1945, raises the limitation on this type of construction to \$5,000, the Chief Compliance Commissioner has directed that the suspension order be revoked.

## PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Schedule K as Amended Aug. 24, 1945]

## SPECIAL PROGRAM FOR WOOL CIVILIAN ITEMS

§ 3290.120k *Schedule K to Order M-328B*—(a) *Explanation.* This schedule states the special rules in addition to those set forth in M-328B for manufacturers of civilian items manufactured from wool fabric to get an AA-3 preference rating for wool fabric for delivery beginning in the fourth quarter of 1945 to make the items listed in this schedule:

(b) *Definitions.* For the purpose of this schedule:

(1) "Fabric" unless otherwise designated, means a woven or knitted fabric 12 inches or more in width.

(2) "Wool fabric" means any fabric incorporating 25% or more by weight of new, re-processed or re-used wool fiber except upholstery pile fabrics and floor coverings and blankets and felt. The term includes woolen and worsted fabrics.

(3) "Wool item" means an item of which 50% or more of the fabric yardage incorporated in it, exclusive of linings, bindings and trimmings, is made of woolen or worsted fabrics.

(4) "Base period manufacturer" and "base period" mean the same as they do

in Order M-328B, except that a person who did not manufacture an item listed in this schedule during the base period at or below the maximum price set forth in the schedule shall not be considered a base period manufacturer.

(c) *Special requirements for obtaining priorities assistance.* (1) Three copies of form WPB-3732 must be filed in accordance with the rules stated in paragraph (c) of Order M-328B, except that for the fourth calendar quarter of 1945 applications must be postmarked not later than September 5, 1945.

(2) A manufacturer who files form WPB-3732 for the fourth calendar quarter of 1945 by September 5, 1945, may, as soon as he files his application, apply an AA-3 rating for the purchase of wool fabrics for delivery in that quarter for incorporation into the wool items for which application is made. He may do so only for an item he made in the base period at or below the price shown in the preference rating schedule and only for two-thirds of the yardage of wool fabrics he used in the base period with respect to any item. Wool fabrics purchased under this provision shall be deducted by the manufacturer from the total quantity for which priorities assistance is granted on form WPB-3732. If the applicant does not receive a grant of the entire quantity thus rated, he shall, upon notification of his grant by the War Production Board, immediately unrate or cancel orders for any undelivered quantities which are in excess of his grant.

(3) Manufacturers who did not produce in the base period any item applied for on form WPB-3732 at or below the price shown in the preference rating schedule may not use any preference ratings under this schedule (for the fourth quarter of 1945) until the War Production Board has assigned them a quota.

(4) A base period manufacturer may not apply for a quantity of wool fabric for any item greater than 100% of the linear yards used by him in the base period for the production of that item.

(d) *General provisions.* (1) Preference ratings assigned under this schedule may be used only to get wool fabrics to make the wool items specified in the preference rating schedule.

(2) The fabrics must be incorporated into an item produced for sale by the manufacturer at or below the lower of the following two prices:

(i) The price at which the manufacturer is permitted to sell the item under regulations of the Office of Price Administration.

(ii) The price specified in the maximum price column.

(3) A manufacturer who is not a base period manufacturer must comply with the provisions of paragraph (c) (6) of Order M-328B.

(4) A manufacturer who did not manufacture an item on the base period must state his proposed production by size assortment per dozen in the "Remarks" section of Form WPB-3732. If his application is granted, he must comply with these size assortments.

(5) Additional priorities assistance may be given for the procurement of rayon, wool and cotton broad woven fabrics for linings, interlinings, facings,

bindings, stays and other components made of broad woven fabric and for narrow woven selvedge edge tape needed for incorporation into the number of units for which priorities assistance is granted. Requests for this additional priorities assistance shall be made on Form WPB-3732 separately for each item for which application is made.

(6) *Provisions in case of government-ol cut-backs.* At any time during any calendar quarter a manufacturer who has received cancellations or cut-backs on military contracts or orders placed by an agency of the U. S. Government, or who during the quarter has production facilities made available, may apply to the War Production Board on Form WPB-3732 for priorities assistance to manufacture items listed in this schedule. Such applications will be approved to the extent of available materials and the need for additional production of the items applied for.

(7) The AA-3 preference rating authorized by this schedule may be extended to purchase wool fabric, wool yarn and wool top. Such ratings shall be extended as provided in Priorities Regulation 3 and Order M-328.

Issued this 24th day of August 1945.

**PART 3133—PRINTING AND PUBLISHING**  
[Limitation Order L-240, as Amended Aug. 27, 1945]

**NEWSPAPERS AND OTHER USERS OF NEWSPRINT**

The fulfillment of requirements for the defense of the United States has created a shortage of the supply of print paper for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

*Scope*

(a) The purpose of this order.

*Definitions and Explanations*

- (b) Newspaper.
- (c) Camp papers and free distribution publications.
- (d) Publisher.
- (e) Print paper.
- (f) Use.
- (g) Net paid circulation.
- (h) Inventory.
- (i) Transfer of quotas.

*Consumption Quota*

- (j) Allowable consumption.
- (k) Computation of consumption quota.
- (l) Carry-over.
- (m) Consumption quotas for certain types of newspapers.
- (n) Allotment to Army and Navy.

*Delivery Quota*

- (o) Computation of delivery quota.
- (p) Exceptions.
- (q) Certification.
- (r) Inventory reports and copies of orders.
- (s) Inter-company transfers.

*Miscellaneous Provisions*

- (t) Loans of print paper.
- (u) Applicability of regulations.
- (v) Appeals.
- (w) Communications to the War Production Board.
- (x) Violations.

*Schedule I*

- (a) The purpose of this schedule.
- (b) Definition of "newsprint".
- (c) Newsprint consumption quotas for persons other than newspaper publishers.
- (d) Newsprint delivery quotas for persons other than newspaper publishers.

*Scope*

§ 3133.6 *Limitation Order L-240—(a) The purpose of this order.* This order does two things: First, it limits the tonnage of print paper which may be used by a publisher in printing a newspaper. This is called his "consumption quota". Second, it limits the tonnage of print paper which may be ordered or accepted by a newspaper publisher. This is called his "delivery quota". A publish-

er's consumption quota is on a quarterly basis and his delivery quota is on a monthly basis.

*Definitions and Explanations*

(b) *Newspaper.* "Newspaper" means any publication generally recognized as a newspaper in the newspaper industry, regardless of the frequency of issuance. The term includes all supplements, inserts and other printed matter physically incorporated into a newspaper or delivered together with it.

Where two or more newspapers are published by the same publisher, whether in the same city or in different cities, each newspaper shall operate under a separate consumption quota and a separate delivery quota. In computing his consumption quota a publisher must make separate calculations for morning, evening and Sunday editions, but these figures must be consolidated into a single consumption quota for each newspaper, in accordance with the instructions contained in paragraph (k).

However, morning, evening, Sunday and other editions of the same newspaper shall operate under a single consumption quota and a single delivery quota.

In determining whether a publisher issues separate newspapers or separate editions of the same newspaper, the number and form of the reports filed by the publisher with the Audit Bureau of Circulations in 1941 will be controlling, in the absence of special circumstances. Thus, if a publisher in 1941 filed consolidated statements with the Audit Bureau of Circulations covering morning, evening and Sunday issues, even if these issues had different names, different formats and different staffs, they will ordinarily be considered as a single newspaper for the purposes of this order. If a publisher in 1941 filed separate statements with the Audit Bureau of Circulations covering his morning, evening, Sunday and other publications, they will ordinarily be considered as separate newspapers for the purposes of this order.

If a publisher is uncertain as to whether or not his publication is a newspaper as defined in this order, he may ask the War Production Board for an official determination. The War Production Board may also make this determination upon its own motion. Such a determination, issued to the publisher in the name of the Recording Secretary of the War Production Board, shall be conclusive for the purposes of this order, unless revoked or modified by the same authority.

(c) *Camp papers and free distribution publications.* Army or Navy camp, post, station or unit "newspapers" or news sheets generally are not recognized as newspapers in the newspaper industry. They are covered by Order L-241 (commercial printing). Shopping guides, want ad periodicals and publications in newspaper format distributed free or at nominal cost also are not recognized as newspapers within the meaning of this order and are governed by Order L-241, Schedule II. If a publisher issued a free distribution newspaper in 1941, his consumption quota shall be de-

terminated in accordance with Schedule II to Order L-241 and that order shall govern even if the circulation of the publication has subsequently been changed in whole or in part to a net paid basis.

(d) *Publisher.* "Publisher" means a person who publishes a newspaper, including an individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(e) *Print paper.* "Print paper" means any grade, quality, type or basis weight of paper used in publishing a newspaper. The term includes paper reclaimed wholly or partly from printed or unprinted waste, as well as paper made entirely from virgin fiber. It also includes roll wrappers, newsprint used as wrappers, identification sheets and labels for newspapers, and production waste, whether or not this waste is subsequently salvaged for other uses.

(f) *Use.* All production waste shall be included in the tonnage of print paper "used" in printing a newspaper. Transit damage shall not be included in a publisher's "use" of print paper. A publisher may determine the dates on which paper is "used" under this order either on the basis of the dates when the paper is actually printed or the dates appearing on the respective issues of the newspaper, provided he continues to use the same method which he used in computing his 1941 base tonnages.

(g) *Net paid circulation.* "Net paid circulation" means the number of copies of a newspaper which have been sold (exclusive of bulk sales), as audited by the Audit Bureau of Circulations or (in the case of newspapers which are not members of the Audit Bureau of Circulations) as verified in accordance with the standards of the Audit Bureau of Circulations of January 1, 1942.

(h) *Inventory.* "Inventory" means all the print paper which is owned by a publisher or is available for his use. It includes the print paper which he has on hand, in storage, and in transit and paper held for his use by a paper merchant, warehouseman or other person, regardless of its physical location. However, it does not include print paper shipped by water and held in warehouse by a paper manufacturer or merchant as part of the inventory of the manufacturer or merchant; such paper does not become part of a publisher's inventory until it is delivered to him.

(i) *Transfer of quotas—(1) Quotas established by different orders.* Quotas provided by one War Production Board order may not be used for the purposes set forth in any other order. Thus, for example, a publisher may not use for the printing of a newspaper any part of a consumption quota established under Orders L-241 (commercial printing), L-244 (magazines) or L-245 (books) and he may not permit any part of his consumption quota established under this order to be used for commercial printing, magazines or books. If a newspaper publisher also conducts a job printing business, he must keep these two operations separate for quota purposes. The amount of print paper which he is permitted to consume and the amount which

he is permitted to order or accept for the publication of his newspaper is limited by this order. The amount of print paper which he is permitted to consume and the amount which he is permitted to accept for his commercial printing business is limited by Order L-241.

(2) *Transfer of quotas to different persons.* The rules governing the assignability of quotas are set forth in Priorities Regulation 7a.

#### Consumption Quota

(j) *Allowable consumption.* In the third quarter of 1945 and in each calendar quarter after that, no publisher may use or cause to be used, in the publication of a newspaper, print paper in excess of:

(1) His quarterly consumption quota, which shall be computed in accordance with the instructions set forth in paragraph (k) or (m) plus

(2) Any less-than-quota savings carried over from previous calendar quarters, as provided in paragraph (l), plus

(3) Ex-quota tonnage, if any, which may have been granted on appeal for consumption in that quarter.

(k) *Computation of consumption quota—(1) Base tonnages.* Ascertain, separately, the tonnage of print paper comprising the net paid circulation of morning, evening, Sunday or other issues of the newspaper in the corresponding quarter of 1941. Add 3 per cent to each figure. (This 3 per cent is an arbitrary allowance to compensate for production waste and should be added whether the actual production waste in 1941 was greater or less than 3 per cent). These are the "base tonnages" for morning, evening, Sunday or other issues of the newspaper, which shall be adjusted in accordance with instructions 2, 3, and 4.

(2) *Circulation increase.* Ascertain, separately, the percentage increase or decrease in average net paid circulation of morning, evening, Sunday or other issues of the newspaper in the calendar year 1942 as compared with the calendar year 1941. (The average net paid circulation for each year shall be determined by adding together the average net paid circulation for each of the four quarters of the year and dividing by four).

(3) *Tonnage equivalent of circulation increase.* Apply, separately, the respective percentages of circulation increase or decrease determined under instruction number 2 to the respective base tonnages determined under instruction number 1 for morning, evening, Sunday or other issues of the newspaper.

(4) *Adjustment of base tonnages.* Adjust the respective base tonnages determined under instruction number 1 by adding or subtracting the number of tons represented by the percentage circulation gain or loss determined under instruction number 3.

(5) *Total adjusted base tonnage.* Total the respective base tonnages for morning, evening, Sunday or other issues of the newspaper determined under instruction number 1. Total the respective adjusted base tonnages for morning, evening, Sunday, or other issues of the newspaper determined under instruction number 4. The larger of these two totals is the publisher's "total adjusted

base tonnage" from which the required reductions shall be applied.

(6) *Sliding scale of reductions.* Reduce the total adjusted base tonnage by the following sliding scale of percentage cuts:

(i) Deduct 3% of the amount over 25 tons but not over 125 tons.

(ii) Deduct 6% of the amount over 125 tons but not over 250 tons.

(iii) Deduct 8% of the amount over 250 tons but not over 500 tons.

(iv) Deduct 15% of the amount over 500 tons but not over 1000 tons.

(v) Deduct 18% of the amount over 1000 tons.

(7) *Consumption quota.* The balance remaining after subtraction of the above reductions from the total adjusted base tonnage determined under instruction number 5 is the publisher's consumption quota for the quarter.

(8) *Adjustment for print paper lighter than 32-pound basis weight.* If a publisher orders print paper lighter than 32-pound basis weight, his consumption quota for the current calendar quarter shall be reduced proportionately as follows: First, determine the percentage by which 32-pound paper exceeds such lighter paper in weight. Second, multiply the tonnage of lighter paper so ordered by this percentage. Third, subtract the result from the publisher's consumption quota. For example, if a publisher has a consumption quota of 200 tons and orders 100 tons of 30-pound basis weight paper, his consumption quota shall be reduced by 6½ tons, since 32-pound paper is 6½% heavier than 30-pound paper.

(9) *Fourteenth Sunday in third quarter of 1945.* Inasmuch as there are 14 Sundays and 78 weekdays in the third quarter of 1945, compared with 13 Sundays and 79 weekdays in the third quarter of 1941 and 1944, the publisher of a daily and Sunday newspaper may increase his consumption quota in the third quarter of 1945 by the excess of his average Sunday use of print paper in the third quarter of 1944 over his average weekday use of print paper in the third quarter of 1944. The publisher of a newspaper issued only on Sundays may increase his consumption quota in the third quarter of 1945 by one-thirteenth of his allowable use of print paper in the third quarter of 1944. No publisher may increase his delivery quota because of any additional tonnage he may use for the fourteenth Sunday in the third quarter of 1945.

(i) *Carry-over.* If a publisher uses less print paper than he is permitted to use in the fourth quarter of 1943, or in any calendar quarter after that, he may add this tonnage to his consumption quota but not to his delivery quota, in any succeeding quarter. This paragraph does not apply to the print paper which a publisher is permitted to use under paragraph (m) (2).

(m) *Consumption quotas for certain types of newspapers.* Excepted from the provisions of paragraph (k) are certain types of newspapers described in this paragraph (m), whose consumption quotas shall be computed as follows:

(1) *Special types of newspapers.* Any newspaper containing the equivalent of

8 standard-size pages or less which is authorized to be admitted to the mails as second-class matter under the provisions of section 521 of the Postal Laws and Regulations of 1940 (Title 39, U. S. C., sec. 229) pertaining to the publications of benevolent, fraternal, trades-union, professional, literary, historical, and scientific organizations and societies shall have a consumption quota of print paper in any calendar quarter equal to either:

(i) Its quarterly consumption of print paper in any one of the first three calendar quarters of 1944; or

(ii) Its consumption of print paper in the corresponding calendar quarter of 1943. If the publisher selects this latter method in any calendar quarter, he may increase his consumption quota in that quarter by that percentage by which the average number of copies per issue in the third quarter of 1944 exceeds the average number of copies per issue in the corresponding calendar quarter of 1943. For example, if a newspaper's consumption of print paper in the first quarter of 1943 was 5 tons with an average press-run in that quarter of 5,000 copies per issue, and its average press-run in the third quarter of 1944 was 5,250 copies per issue, his consumption quota for the first calendar quarter of 1945 is  $6\frac{1}{4}$  tons.

(2) *Small newspapers.* During the third calendar quarter of 1945 and in each calendar quarter after that, any person may use or cause to be used 10 tons of print paper for a newspaper published weekly or less frequently,  $11\frac{1}{4}$  tons of print paper for a newspaper published semi-weekly,  $12\frac{1}{2}$  tons of print paper for a newspaper published tri-weekly,  $13\frac{3}{4}$  tons of print paper for a newspaper published four times a week, 15 tons of print paper for a newspaper published 5 times a week,  $16\frac{1}{4}$  tons of print paper for a newspaper published 6 times a week, or  $17\frac{1}{2}$  tons of print paper for a newspaper published 7 times a week. It makes no difference whether he used that much print paper or any print paper in the publication of a newspaper during any previous period.

(3) *Other newspapers using less than 25 tons per quarter.* If, prior to October 1, 1944, a publisher used less than 25 tons of print paper per calendar quarter for civilian readers (whether or not he used additional paper for military readers), his total quarterly consumption quota for all types of readers shall be computed as follows:

(i) Ascertain the total number of copies of all issues printed in each of the seven calendar quarters between January 1, 1943 and September 30, 1944.

(ii) Ascertain the average number of pages per issue printed in each of the seven calendar quarters between January 1, 1943 and September 30, 1944.

(iii) Multiply the highest quarterly figure determined under subdivision (i) by the highest quarterly figure determined under subdivision (ii). The weight of paper required to produce this number of pages is the publisher's quarterly consumption quota; *Provided, however,* That if this figure is in excess of 25 tons, the publisher shall be limited

to 25 tons per quarter plus the tonnage in excess of 25 tons which he used for military circulation in the third quarter of 1944.

(n) *Allotment to Army and Navy.*

(1) The War Production Board may from time to time allot to the Army and the Navy a specified tonnage of paper to be consumed in printing (i) newspapers acquired in bulk for free distribution by the Army or the Navy which will be furnished to United States Armed Forces personnel in the continental United States and (ii) "servicemen's" "overseas", "pony", or other condensed editions of newspapers acquired in bulk by the Army or the Navy which will be furnished to United States Armed Forces personnel overseas.

(2) From this allotment the Army and the Navy, under a delegation of authority from the War Production Board, may grant to individual publishers the right to add to their consumption quotas the tonnage of paper consumed in printing such newspapers acquired by the Army and the Navy for distribution as described under paragraph (n) (1). This allotment does not cover purchases of newspapers by military exchanges or service departments as defined in Priorities Regulation 17 for distribution within the continental limits of the United States. All newspapers sold to the military shall be charged against the publisher's consumption quota unless the publisher has received a specific grant from the Army or the Navy pursuant to this paragraph.

#### Delivery Quota

(o) *Computation of delivery quota.* In July 1945, and in each calendar month after that, no publisher may order or accept delivery of print paper in excess of his monthly delivery quota, which shall be computed in accordance with the following instructions:

(1) *Monthly base.* Total the publisher's consumption quotas for the third and fourth quarters of 1945 and add the ex-quota tonnage, if any, which may have been granted for the third quarter of 1945. Divide by 6. (Do not add any carry-over from preceding quarters.)

(2) *Inventory ceiling.* The above amount shall be reduced accordingly if a publisher's inventory is, or by virtue of such order or acceptance will become, on December 31, 1945, greater than: (i) 30 days' supply for publishers in the states named in List A, (ii) 50 days' supply for publishers in the States named in List B, or (iii) 60 tons for publishers who would be limited to a smaller amount by subdivision (i) or (ii) above.

#### List A

Connecticut.	Nebraska.
District of Columbia.	New Hampshire.
Delaware.	New Jersey.
Illinois.	New York.
Indiana.	North Dakota.
Iowa.	Ohio.
Kansas.	Pennsylvania.
Kentucky.	Rhode Island.
Maine.	South Dakota.
Maryland.	Vermont.
Massachusetts.	Virginia.
Michigan.	West Virginia.
Minnesota.	Wisconsin.
Missouri.	

#### List B

Alabama.	Nevada.
Arizona.	New Mexico.
Arkansas.	North Carolina.
California.	Oklahoma.
Colorado.	Oregon.
Florida.	South Carolina.
Georgia.	Tennessee.
Idaho.	Texas.
Louisiana.	Utah.
Montana.	Washington.
Mississippi.	Wyoming.

3. *Exclusions.* In computing his monthly base under paragraph (o) (1), and in computing the maximum tonnage which he may have in his inventory on December 31, 1945 in accordance with paragraph (o) (2), a publisher shall exclude any less-than-quota savings under his consumption quota carried over from previous quarters. He shall also exclude print paper which he has received by Great Lakes or coastal water-borne shipments; provided on May 1 of any calendar year he shall have on hand or available for use not more than (i) a 30 days' supply if he is located in one of the States named on List A above, or (ii) a 50 days' supply if he is located in one of the States named in List B above and provided further that no publisher may order or accept delivery of a total amount of print paper by water, rail or otherwise in any calendar year (including both the open and closed navigation seasons) in excess of his permitted consumption for that calendar year.

(4) *Computation of rate of consumption.* The number of days' supply shall be computed at the average daily rate of allowable consumption for the last six months of 1945.

(5) *Fractional carloads.* If a publisher's delivery quota for any month is less than one carload, he may nevertheless order and accept, in that month, up to one full carload. If a publisher's delivery quota for any month is a whole number of carloads plus a fraction of another carload, the fraction may be added to his delivery quota for any succeeding month.

(6) *Transit damage.* If print paper in inventory is destroyed or damaged to such an extent that it becomes unusable in publishing his newspaper, whether this occurs while the paper is in transit or after it has reached its destination, the publisher may increase his delivery quota (but not his consumption quota) in the same or any subsequent month by an amount sufficient to replace such paper. It is immaterial whether or not the publisher is reimbursed for the destroyed or damaged paper by the shipper, the carrier, or an insurance company. It is also immaterial whether or not the publisher salvages all or part of the damaged paper for use other than in publishing his newspaper.

(7) *Report on transit damage.* Any publisher who increases his delivery quota to replace destroyed or damaged print paper in accordance with subparagraph 6 above shall, within 15 days after placing the order for such replacement, file a letter with the War Production Board stating the number of tons comprising the publisher's delivery quota for that month, the number of tons destroyed

or damaged, the manner in which such print paper was rendered unfit for use in publishing his newspaper, and the number of tons ordered in excess of his delivery quota. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(p) *Exceptions.* Permission to order or accept delivery of print paper in excess of the tonnage allowed under paragraph (c) may be granted by the War Production Board upon a written request for specific authorization stating the number of tons and the number of days' supply of print paper which the publisher has in inventory, the number of tons comprising his delivery quota, the number of additional tons he desires to order and accept, and the reasons why the denial of the request would create undue hardship.

(q) *Certification.* No mill or other supplier may sell or deliver to any person, and no person may accept, any print paper for use under Order L-240 except on a delivery order bearing or accompanied by a certification substantially in the form set forth below. This certification must be signed manually or as provided in Priorities Regulation No. 7 by the purchaser or by an official duly authorized for such purpose:

The undersigned certifies, subject to the penalties of section 35 (a) of the U. S. Criminal Code, to the seller and to the War Production Board: (a) that he is permitted to place this delivery order and to accept the print paper ordered; (b) that the print paper will be used or delivered, or that it is required to replace in inventory print paper previously used or delivered, under War Production Board Order L-240.

The above certification must be placed on, or must accompany, each delivery order placed by any person for print paper to be used under Order L-240, and the certification provided for in Priorities Regulation No. 7 may not be used in its place.

(r) *Inventory reports and copies of orders.* On and after July 1, 1945, the publisher of every newspaper which consumes 25 tons of print paper or more in any calendar quarter shall file with the War Production Board:

(1) A monthly statement of his inventory of print paper on Form WPB 4292 within three days after the close of each month, beginning with June 1945.

(2) Copies of all orders for the delivery of print paper placed by him or for his account. Such copies of orders must be mailed within three days after the orders are placed.

These reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(s) *Intra-company transfers.* The foregoing restrictions apply not only to deliveries from one person to another, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

### Miscellaneous Provisions

(t) *Loans of print paper.* Any loan of print paper made by a publisher shall be reported to the War Production Board by letter within 15 days after the date of the loan. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(u) *Applicability of regulations.* This order and all transactions affected by it are subject to all present and future regulations of the War Production Board.

(v) *Appeals.* Any appeal from the provisions of this order shall be made in accordance with Supplement 1 to the order. Regardless of the provisions of Priorities Regulation 16 no statement with respect to manpower information on Form WPB-3820 (or letter explaining why that form is not filed) need accompany any appeal.

(w) *Communications to the War Production Board.* All reports required to be filed hereunder, requests for specific authorization, appeals and other communications concerning this order shall be addressed to: War Production Board, Printing and Publishing Division, Washington 25, D. C. Ref: L-240.

(x) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 27th day of August 1945.

By J. JOSEPH WHELAN,  
Recording Secretary.

### SCHEDULE I

NOTE: Schedule I added August 27, 1945.

(a) *The purpose of this schedule.* This schedule limits the acceptance and use of newsprint for all purposes other than newspapers.

(b) *Definition of "newsprint".* "Newsprint" means the grades of paper commonly known as "standard newsprint" and "super-standard newsprint."

(c) *Newsprint consumption quota for persons other than newspaper publishers.* (1) In the third calendar quarter of 1945 and in each calendar quarter after that no person may cause to be used in the publication of magazines or books more than 113.3 per cent of the newsprint which he lawfully used or caused to be used for that purpose in the corresponding calendar quarter of 1944 or the second calendar quarter of 1945, or 10 tons, whichever is greatest.

(2) In the third calendar quarter of 1945 and in each calendar quarter after that no person may cause to be used in the publication of shopping guides, free distribution newspapers, want ad publications and free distribution publications in newspaper format more than 105 per cent of the newsprint

which he lawfully caused to be used for that purpose in the corresponding calendar quarter of 1944 or the second calendar quarter of 1945, or 10 tons, whichever is greatest.

(3) In the third calendar quarter of 1945 and in each calendar quarter after that no person may use (except for newspapers, magazines, books, shopping guides, free distribution newspapers, want ad publications and free distribution publications in newspaper format) more than 113.3 per cent of the newsprint which he lawfully used in the corresponding calendar quarter of 1944 or the second calendar quarter of 1945, or 10 tons, whichever is greatest. However, a printer is not limited in the amount of newsprint which he may use for printing, including official Army or Navy post, camp, station or unit newspapers, to be delivered to the Army, Navy, Maritime Commission or War Shipping Administration directly, or as a part of a contract for an item purchased by one of those agencies.

(d) *Newsprint delivery quotas for persons other than newspaper publishers.* In the third calendar quarter of 1945 and in each calendar quarter after that no person (other than the publisher of a newspaper) may order or accept newsprint in excess of his consumption quota for that calendar quarter. This amount shall be reduced accordingly if his inventory of newsprint is, or by virtue of such acceptances will become, on the first day of any calendar quarter commencing with the fourth quarter of 1945, more than 45 per cent of the newsprint which he lawfully used or caused to be used in the preceding calendar quarter, or 60 tons, whichever is greatest.

INTERPRETATION 1: Revoked Dec. 24, 1943.

INTERPRETATION 2: Revoked Dec. 24, 1943.

INTERPRETATION 3: Revoked Dec. 24, 1943.

### INTERPRETATION 4

#### TRANSIT DAMAGE

Paragraph (f) of Order L-240 states in part: "Transit damage shall not be included in a publisher's 'use' of print paper." This provision which was inserted in the order on December 24, 1943, merely explained, and did not change, the existing rule.

At all times since the issuance of Order L-240 on December 31, 1942, a publisher has been obliged to charge against his consumption quota only the print paper which was actually "used" in publishing his newspaper; print paper which was destroyed or damaged in transit need not be charged against the publisher's consumption quota to the extent that such print paper was rendered unusable in the publication of his newspaper. However, at all times since the issuance of Order L-240 on December 31, 1942, production waste has been included in the tonnage of print paper which is "used" in publishing a newspaper. (Issued Oct. 30, 1944.)

### PART 3203—SCHEDULED PRODUCTS

[General Scheduling Order M-233, Direction 4]

### REVOCATION OF TABLES AND DIRECTIONS TO M-293 AND UNFREEZING OF SCHEDULES

The following direction is issued pursuant to General Scheduling Order M-293:

(a) *Revocation of tables and directions to M-293.* In view of the substantial cut backs in military requirements for M-293 products, the following tables and published directions issued pursuant to M-293 are revoked:

Sec.

- 3208.2 —Table 1—Table for programs.  
 3208.5 —Table 4—Table for automotive division: Direction 1 to Table 4—Purchasers of internal combustion engines and certain automotive chassis components to furnish manufacturers information regarding end use.  
 3208.6 —Table 5—Table for building materials division.  
 3208.7 —Table 6—Table for general industrial equipment division: Direction 1 to Table 6—Identification of Electric motors and controls and equipment containing them.  
 3208.9 —Table 8—Table for power division.  
 3208.10—Table 9—Table for radio and radar division.  
 3208.11—Table 10—Table for safety and technical equipment division.  
 3208.12—Table 11—Table for shipbuilding division.  
 3208.13—Table 12—Table for tools division: Direction 2 to Table 12—Use of miniature precision bearings, company radial type bearings restricted.  
 3208.14—Table 13—Table for cork, asbestos, and fibrous glass division.  
 3208.15—Table 14—Table for plumbing and heating division: Direction 1 to Table 14—Production of boilers for stock.  
 3208.16—Table 15—Table for Chemicals Bureau: Direction 1 to Table 15—Chemical processing machinery.  
 3208.18—Table 17—Table for containers division.  
 3208.19—Table 18—Table for transportation equipment division.

This revocation does not affect any liabilities incurred for violation of M-293 or its tables and directions or of actions taken by the War Production Board under M-293 or its tables and directions. Order M-293 and Direction 3 to the order are being retained for the present and will continue to provide the general framework for such scheduling by the War Production Board as may hereafter prove to be necessary to meet future military and essential civilian requirements. However, effective immediately manufacturers are no longer required to file shipping schedules or monthly operations reports relating to M-293 products unless they are subsequently specifically directed to do so by the War Production Board pursuant to Priorities Regulation 8.

(b) *Unfreezing of schedules September 30, 1945.* Notwithstanding paragraph (b) (2) of M-293 all frozen schedules, specific authorizations and directions issued pursuant to M-293 relating to M-293 products now listed on the various tables of M-293 shall expire September 30, 1945 unless by their terms they expire sooner or unless they are modified by later specific directions. Production and delivery of such products remain subject to all other applicable orders and regulations of the War Production Board. After September 30, 1945, for the purpose of determining the sequence of deliveries of rated orders pursuant to § 944.7 of Priorities Regulation 1, the required delivery date on any purchase order for an M-293 product which was rated MMM and included in a frozen schedule prior to October 1, 1945 shall be the scheduled delivery date which was frozen on September 30, 1945 unless the purchaser specifically changes the date.

(c) *Scheduling of unrated orders until October 1, 1945.* Paragraph (k) of M-293 provides that unrated orders shall not be included in any schedule filed or frozen under

the order unless the unrated order is accompanied by specific approval by the War Production Board authorizing it to be placed, or unless the War Production Board specifically directs the manufacturer to include it in his frozen schedule. That paragraph applies not only to purchase orders to which no rating has been assigned, but also to orders which were rated when originally scheduled but later become unrated. Thus rated orders (other than AAA or MM) identified with CMP allotment symbols whose initial letters are W, O, M (except M-8), N, or C which automatically became unrated August 17, 1945 as explained in Direction 1 to Priorities Regulation 29, must be removed from frozen schedules immediately. This does not mean that they must be taken completely out of the manufacturer's schedule, but that their position in his schedule may no longer be treated as frozen. When the unrated orders have been removed from the frozen schedule, the manufacturer must move up his later scheduled rated orders as provided in paragraph (g) of M-293, but the manufacturer may deliver unrated orders if doing so will not interfere with his meeting the required delivery dates on his rated orders.

#### PART 3290—TEXTILE, CLOTHING, AND LEATHER

[Conservation Order M-328, as Amended Aug. 24, 1945]

##### PROVISIONS APPLICABLE TO TEXTILES, CLOTHING AND RELATED PRODUCTS

The fulfillment of requirements for the defense of the United States has

created shortages in the supplies of textiles, clothing, leather and related products for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.118 *Conservation Order M-328—(a) Restrictions on preference ratings for textiles, clothing, leather, etc.* (This paragraph states conditions which must be met to make ratings for items on Schedule A valid. However, even though a rating is not valid for the items, this does not prevent anyone from filling a purchase order if he can do so without disregarding valid ratings on other purchase orders or disregarding other orders or directions of the War Production Board.)

No person shall apply, extend or give any effect to any preference rating heretofore or hereafter assigned, applied, or extended to the delivery of any item on Schedule A unless:

(1) The rating has been assigned by a preference rating form or letter issued by or under the authority of the War Production Board to a named applicant and the form or letter specifically describes the item and specifies the quantity, description and type which may be obtained by the rating. No rating assigned by any L, M, P or other order, by any regulation (such as CMP-5 or CMP-5A), or on Form CMPL-150, CMPL-200 or CMPL-201 shall be valid for any item on Schedule A, except as permitted by paragraph (a) (2), (a) (3) or (a) (4). For example, the rating for any fabric to comply with this subparagraph must be assigned on a War Production Board form or letter naming the person to whom the rating is assigned and stating the yardage, type and construction of the fabric for which the rating is assigned.

(2) The rating has been assigned by or pursuant to a form, order or regulation of the War Production Board and is used to obtain the item for direct or ultimate delivery to, or for incorporation into any material for ultimate delivery to the Army or Navy of the United States (including U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ship's Service Departments, and War Shipping Administration Training Organization Ship's Service activities), the Maritime Commission or War Shipping Administration, (including marine distributors pursuant to authorization by the Maritime Commission on Form WFB-646). A delivery to an establishment or ship operated under contract with one of those agencies is not in itself a direct or ultimate delivery to the Army, Navy, Maritime Commission or War Shipping Administration.

(3) The rating has been assigned by or pursuant to any supplement to this order or the particular order specified after the item on Schedule A.

(4) The material to be delivered is actually required as, or is required for incorporation in, a functioning part of industrial machinery and is one of the following numbered items on Schedule A: 1, 3 (except Seine cord, hawser cord and other cabled cord), 4, 12.

13. Steel tacks (except thumb tacks).
14. Synthetic rubber thread and products made therefrom.

(b) *How ratings must be applied and extended.* (1) Priorities Regulation 3 states rules and restrictions on the use of all preference ratings. When a rating is used, the standard certification described in Priorities Regulation 7 or the certification described in Priorities Regulation 3 must be put on a purchase order for a Schedule A item. In addition,

the purchaser must use one of the following applicable certifications (with the blanks properly filled in):

(i) If the rating is assigned by an order listed on Schedule A, the special certification, if any, required by that order shall be added.

(ii) If the rating is assigned by an order listed on Schedule A, but the listed order does not require a special certification, the following shall be added:

This rating is assigned by Order -----  
[Insert number of order listed opposite the item on Schedule A.]

(iii) If the rating is assigned through the Foreign Economic Administration, the following shall be added:

This rating is assigned in connection with Export License No. ----- or Release Certificate No. -----  
[Insert license or release certificate number.]

(iv) In all other cases the following shall be added:

This rating can be used under M-328.

(2) No rating permitted by paragraph (a) (1), (a) (3) or (a) (4) above, which is applied to get a Schedule A item, shall be extended for any other Schedule A item. However, in the case of ratings permitted by paragraph (a) (1), the rating may be extended if the form or letter specifically permits the extension of the rating for and fully describes the other Schedule A item. (For example, a rating which is applied to get fabric may not be extended to get yarn, except that in a case where the rating is permitted by paragraph (a) (1), the rating may be extended if the form or letter states that it may and also states the specific quantity, count, etc. The rating may also be extended for yarn if the fabric is for an Army, Navy, Maritime Commission or War Shipping Administration (including marine distributors pursuant to authorization by the Maritime Commission on Form WPB-646) order, as permitted by paragraph (a) (2). A rating permitted by paragraph (a) (3) may also be extended if the particular order specified after the item on Schedule A specifically permits extension. (For example, Order M-388C specifically permits extension of the ratings assigned thereunder). This paragraph shall not prevent the extension of a rating for finished fabrics to get fabrics in the gray state.

(c) *Specific directives.* The war Production Board may issue specific directions to individual producers or processors of items listed in Schedule A, with respect to the production, fabrication, processing or delivery of items to meet particular military or civilian requirements, and no producer or processor shall produce, fabricate, process, deliver or accept delivery contrary to directions.

(d) *Equitable distribution.* (This paragraph does not apply to sales by retailers, inasmuch as the Fair Distribution Policy for retailers is defined in Declaration of Policy of July 15, 1943.) Preference ratings are given to certain orders to further the war program. It is the policy of the War Production Board that items listed in Schedule A not re-

quired to fill rated orders shall be distributed equitably. In making such distribution due regard should be given to essential civilian needs, and there should be no discrimination in the acceptance or filling of orders as between persons who meet the seller's regularly established prices and terms of sale or payment.

Under this policy every seller of the items, so far as practicable, should make available an equitable proportion of his merchandise to his customers periodically, without prejudice because of their size, location or relationship as affiliated outlets.

It is not the intention to interfere with established channels and methods of distribution unless necessary to meet war or essential civilian needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the War Production Board may issue specific directions to named concerns. A failure to comply with a specific direction shall be deemed a violation.

(e) *Rejects, over-runs and seconds—*

(1) *Definitions.* "Reject" means a Schedule A item which was obtained with priorities assistance or a Schedule A item into which material obtained with priorities assistance has been incorporated and which cannot be used for the purpose for which the priorities assistance was given. The term includes seconds and over-runs, but does not include waste, scrap or cuttings normally generated in a manufacturing process.

"Priorities assistance" means a preference rating, allocation, specific direction, CMP allotment, or any other action of the War Production Board used to obtain a material or product.

(2) *No one may purposely make a reject.* No manufacturer, processor or converter shall manufacture, process or order any product on Schedule A which he knows or should know will be a reject. This paragraph does not prohibit the production of seconds, over-runs or by-products to the extent that they are unavoidable in the manufacturer's operations.

(3) *Restrictions on the disposition and use of rejects.* The following rules govern the disposition and use of rejects, regardless of § 944.11 of Priorities Regulation 1:

(i) No manufacturer, processor or converter shall dispose of or use a reject listed on Schedule B, and no one shall accept delivery of such a reject, except as permitted by that schedule;

(ii) Subject to all restrictions contained in other orders of the War Production Board, any reject listed on Schedule A, but not listed on Schedule B, may be disposed of for use in the United States or to fill a rated order, or may be used for any purpose by the holder of the reject;

(iii) In any event, "special sales" (as defined in Priorities Regulation 13) of rejects may be made only in accordance with the provisions of Priorities Regulation 13.

(4) *How to get needed permission to dispose of a reject.* Any manufacturer who under the terms of this order needs specific permission to dispose of a reject may apply by letter to the War Produc-

tion Board stating (where applicable) the number of the contract, the amount of material to be produced under it, the kinds of such material, a detailed statement of quantities and kinds of rejects, a copy of the rejection, and a statement of the efforts he has made to dispose of the rejects to the buyer. If the War Production Board decides he ought to be allowed to dispose of the reject, it will give him specific instructions.

(5) *Effect of specific instructions on disposition.* The War Production Board may issue specific instructions in writing to anyone respecting the use and disposition of rejects. These instructions may relate to rejects not yet manufactured on the date of their issuance. They must be obeyed even if they conflict with other provisions of this order.

(6) *Reports.* Manufacturers of textile, clothing and leather products shall report their rejects at such times and in such manner as the War Production Board may from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(7) *Records.* All persons affected by this order shall keep for at least two (2) years records showing the quantities and kinds of rejects produced by them and the disposition thereof.

**SCHEDULE B—REJECTS WHICH MAY BE DELIVERED ONLY ON SPECIFIC AUTHORIZATION OF THE WAR PRODUCTION BOARD**

The following types of rejects may be sold or used by the holder of the reject on an order bearing a preference rating; otherwise the holder must apply for specific authorization of the War Production Board to sell or use the reject:

Manila, agave and coir fibers, and products made primarily therefrom.

Materials obtained with priorities assistance assigned by or under Conservation Orders M-317, M-317A, M-328B, M-388, M-388A, M-388B or M-388C, or schedules, supplements or directions to any of such orders.

The following types of rejects may be sold or used by the holder of the reject only on specific authorization of the War Production Board:

NOTE: "Equipment \* \* \*" and "Feathers \* \* \*" deleted Aug. 24, 1945.

Kapok.  
Tanning materials, vegetable.

NOTE: Regarding the disposition of reject hides, skins, furs and leather and products made primarily therefrom, see paragraphs (b) (3), (b) (4), and (b) (5) of Conservation Order M-310.

[Schedule C deleted Jan. 4, 1945.]

(f) *Exceptions from restrictions on "cutbacks" or terminations.* The War Production Board in any case where it finds that, by reason of cut-backs or terminations of Government contracts or subcontracts, compliance with any restriction on the manufacture, use, sale or delivery of any item on Schedule A would cause a loss of production or interfere with the filling of civilian orders, may grant temporary exceptions from such restriction.

(g) *Miscellaneous provisions—(1) Applicability of regulations.* Except as otherwise provided herein, this order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time.

(2) *Violations and false statements.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications.* All reports to be filed hereunder and communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref: M-328.

(4) *Appeals.* (i) Any appeal from the provision of paragraphs (c), (d) or (e) of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from, and stating fully the grounds of the appeal.

(ii) An appeal for suspension of a production direction dealing with an item on Schedule A may be made (whether or not such direction is issued under this order) on the ground that compliance with the action will result in production at a loss: *Provided*, That an application for price relief on that ground is first filed with the Secretary of the Office of Price Administration, Washington, D. C., and a copy is filed with the WPB appeal. If the WPB appeal is granted, requirements of a direction for increases above current production will be suspended until the decision of the Office of Price Administration upon the application for price relief. This paragraph does not indicate or limit the extent or kind of price relief, if any, which may be granted by the Office of Price Administration.

(iii) No direction or order relating to items on Schedule A (whether or not it refers to M-328) shall be deemed to require the furnishing of materials or facilities to the War Production Board. If a direction requires the furnishing of materials or facilities to a contracting agency or to a war contractor, or the production of a specified amount of a material or product, or restricts all or a part of a person's production or inventory to specified purposes, and if the person affected cannot get firm orders to cover the materials, facilities, production or inventory involved, he may appeal, and the War Production Board will grant appropriate relief.

(5) *Reports.* Every person shall execute and file with the War Production Board such reports and questionnaires as it shall from time to time request with respect to items listed on Schedule A, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 24th day of August 1945.

WAR PRODUCTION BOARD,  
By J. JOSEPH WHELAN,  
Recording Secretary.

INTERPRETATION I

RATINGS FOR TWINE AND WRAPPING MATERIALS

Ratings for twine and other materials on Schedule A of M-328 used for wrapping must conform to the conditions specified in paragraph (a) of the order to be valid.

Such materials used to wrap products are not incorporated into the product which is wrapped. Therefore, a rating which can be used to get material to be incorporated into a product cannot be used to get twine with which to wrap the product even though the product is going to be delivered to one of the Government agencies mentioned in paragraph (a) (2). This amendment shall become effective August 23, 1945.

Issued this 23d day of August 1945.

PART 1499—COMMODITIES AND SERVICES

[MPR 188, Amdt. 67]

INDUSTRY-WIDE ADJUSTMENTS FOR RECONVERSION PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 188 is amended in the following respect:

A new § 1499.159e is added to read as follows:

§ 1499.159e *Industry-wide adjustments for reconversion products.* Special pricing provisions applicable to particular products may be established by orders issued under this section when, with respect to the product, the Administrator finds:

(a) That in 1944 its production was approximately one-half or less of its pro-

duction in its last representative period of peacetime production;

(b) That this reduction in dollar volume resulted from (1) governmental restrictions on the manufacture of products or on the use of materials, facilities, or manpower, or (2) the use of facilities for the production of war goods, or (3) other direct needs of the war effort; and

(c) That because of change in government restrictions or in the needs of the war program, manufacturers of the product generally are able to begin or to increase substantially the production of the product line.

If, in the judgment of the Administrator, the purposes of this section will be effectuated, as to a particular product, without any special pricing provisions, an order under this section will not be issued with respect to that product even though the above findings could be made as to it.

Orders under this section will, generally, authorize industry-wide increases in the established maximum prices of manufacturers in those industries, based upon surveys conducted by the Price Administrator, either upon the request of the particular industry or upon his own motion. Those orders will establish adjusted maximum prices or methods of determining such prices by the use of price increase factors. Where, however, in the judgment of the Price Administrator, the use of an industry-wide factor will, by reason of the diversity in the products made by the member firms, the wide variation in cost experience among them, or other reasons, be an inequitable and inappropriate means of establishing reconversion prices, he may provide for the calculation and application of individual price increase factors.

Broadly stated, the new maximum prices will represent costs experienced during the last period of normal production adjusted for subsequent lawful changes in the level of materials prices and in basic wage rate schedules of factory workers, plus the industry's average peacetime profit margin over cost. Changes in materials prices may be measured by materials cost increase factors, determined by the Administrator, in those cases where such action may be necessary to eliminate temporary or artificial influences. In the case of an industry for which the Administrator has decided that price increase factors should be determined and applied for each firm, the profit element in each increase factor will be the firm's own base period profit margin or one-half the industry's average peacetime margin, whichever is the higher.

Orders issued under this section may also modify or supersede the provisions of Maximum Price Regulation No. 188, with respect to the establishment of maximum prices, if, on the basis of the particular characteristics of the industry involved, the Administrator finds that another method of price determination will effectuate the purposes of this regulation better than the general pricing provisions of the regulation. In addition, those orders may establish new maximum prices or a method of determining

new maximum prices for sales by persons other than manufacturers which will supersede maximum prices fixed by other regulations for such sales and which will be consistent with the standards applied by the Office of Price Administration for the reasonable absorption of necessary cost increases.

Orders issued under this section will not ordinarily reduce higher maximum prices which manufacturers have previously established in accordance with the applicable provisions.

A manufacturer of a product covered by an order issued under this section may not obtain an adjustment of his maximum prices under any adjustment provision other than Supplementary Orders Nos. 118 and 119, unless the adjustment provision itself or the order issued under this section covering his product expressly provides otherwise. This rule does not apply, however, to any adjustment which may be made in accordance with Procedural Regulation No. 6 with respect to any Government contract or subcontract thereunder, for the sale of a commodity essential to the war program.

Small volume manufacturers may use as their new maximum prices those which they calculate under Supplementary Order No. 118, and general orders issued pursuant thereto, if the maximum prices so calculated are higher than maximum prices set under orders issued under this section. Any other manufacturer may apply for an individual adjustment under Supplementary Order No. 119 if, after the adjustment authorized for his industry by an order under this section, his maximum price still continues eligible for adjustment in accordance with the provisions of that supplementary order.

Orders issued under this section may require a manufacturer to arrange the production and distribution of his products so that they will be representative of his production and distribution in a specified past period for goods in a particular category. The Administrator may also require authorized price increases to be applied among articles or price lines in a manner consistent with the need, under the stabilization program, to maintain the production of lower-priced articles.

This amendment shall become effective August 23, 1945.

Issued this 23d day of August 1945.

CHESTER BOWLES,  
Administrator.

For the reasons set forth in the accompanying Statement of Considerations and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250, 9328 and 9599, I find that the issuance of this amendment to Maximum Price Regulation No. 188 is necessary to aid in the effective prosecution of the war.

THOMAS I. EMERSON,  
Acting Director of  
Economic Stabilization.

# PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RO 1A, Amdt. 103]

## TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Ration Order No. 1A is amended in the following respects:

1. Sections 1315.201 (a) (3), (4), (6), (10), (16), (20), (25), (26), (45) and (49), and §§ 1315.303 (c), 1315.305, 1315.303, 1315.702, 1315.703 and 1315.704 are revoked.

2. Section 1315.201 (a) (44) is amended to read as follows:

(44) "Truck tire board" means a Board to which a District Director has assigned a quota of truck tires.

3. Section 1315.307 (a) (1) is amended by deleting the phrase "there must be adequate space to store, for a thirty day period, all inspected tires which must be held at the station;"

4. Section 1315.401 (c) is amended to read as follows:

(c) *Basis for Board consideration.* The Board may delay action on an application filed by an eligible person until it is satisfied that its approval of such application will not deprive more essential applicants of certificates by reason of inadequate quotas. If the Board has before it applications from persons eligible for tires, which in its judgment satisfy all the conditions of this Order but which together call for the issuance of certificates for tires, in excess of the applicable quota of the Board, the Board, in determining which of the competing needs are to be satisfied, shall be governed by the relative importance to the civilian economy, public safety, and public health, of the operation of a vehicle in one use as compared to the importance of the operation of a vehicle in another use. The Board shall base its determination upon the application for a certificate and all other information which comes to its knowledge. The Board shall at all times serve the objectives sought to be accomplished by the tire rationing program and allot certificates for the most vital civilian uses.

5. Section 1315.551 is revoked and a new § 1315.551 is added to read as follows:

§ 1315.551 *Increases in dealers' inventories.* (a) A person who is engaged in the business of selling tires or who intends in good faith to engage in that business may apply by letter to the District Director serving the area where his establishment is, or will be, located for an increase in his inventory of Grade I tires or for an initial allotment of Grade I tires. He shall state his name and address; the name and address of the establishment; whether he was engaged in the tire business at that establishment on June 30, 1945 and if he was not a

dealer on that date, the date on which he became a dealer there. If he was a dealer on June 30, 1945 he shall enclose his copy of OPA Form R-71 filed for the establishment with his letter of application. If he became a dealer after June 30, 1945, he shall state his inventory on August 31, 1945, of Grade I passenger tires and Grade I truck tires (by cross-section size groups 7.50 and smaller and 8.25 and larger), including the number of each of such tires called for on replenishment portions of certificates and receipts available to him.

An applicant who wants fewer passenger tires than the maximum number to which he is entitled under paragraph (c) shall state the number of passenger tires to be issued to him. An applicant who wants an increase in his Grade I truck tire inventory or an allotment of Grade I truck tires shall state so specifically, and the number he wants, if it is less than the maximum allowable to him under paragraph (c).

(b) Only one application for an establishment may be filed for each type of cross-section size group of tires under this Section. A District Director may not grant an increase of inventory under this Section to any establishment which has already received an increase in inventory under § 1315.552.

(c) If a District Director finds that the statements made in the application are true and that the application satisfies the requirements of this section he may issue certificates in the name of the applicant, as follows:

(1) If the applicant was engaged in the tire business on June 30, 1945, fifty percent of the number of passenger tires, truck tires 7.50 and smaller or truck tires 8.25 and larger shown on line 6 of OPA Form R-71 filed for the establishment, except that if these figures are less than 13, 8 or 4 respectively, the District Director may issue certificates for the number of tires required to give the applicant 20 passenger tires, 12 truck tires 7.50 and smaller or 6 truck tires 8.25 and larger;

(2) If the applicant became a dealer after June 30, 1945, fifty percent of the inventory of passenger tires, truck tires 7.50 and smaller or truck tires 8.25 and larger which he reported on his application as his August 31, 1945 inventory or the establishment, except that if these figures are less than 13, 8 or 4 respectively, the District Director may issue certificates for the number of tires required to give the applicant 20 passenger tires, 12 truck tires 7.50 and smaller or 6 truck tires 8.25 and larger;

(3) If the applicant intends in good faith to become a dealer, 20 passenger tires, 12 truck tires 7.50 and smaller or 6 truck tires 8.25 and larger

6. Section 1315.552 (d) is amended by substituting the figure "60" for the figure "90".

7. Section 1315.610 (b) is amended to read as follows:

(b) *Replaced tires to be turned in.* (1) If the certificate (other than a certificate for truck tires issued prior to September 1, 1945) indicates that a tire being replaced must be turned in, the applicant shall, before acquiring from a

dealer or manufacturer, any tire in exchange for the certificate, turn in the tire to be replaced to such dealer or manufacturer, except in the case of purchase by mail or tires withdrawn from a public warehouse. In such cases, the applicant shall deliver the replaced tires to a dealer or manufacturer within five days after the acquisition of the replacement. The provisions of this subparagraph shall not apply to a State, local or foreign government, or the Federal Government, or any department or agency of any such government prohibited by law to make such disposition;

(2) A consumer who acquires tires from the Office of Surplus Property of the Department of Commerce shall turn in the tires to be replaced to a dealer or manufacturer. If the replaced tires were held at a Central Truck Tire Inspection Station or an Official Truck and Passenger Tire Inspection Station, the consumer shall turn them in within five days from the date he acquired them from such station.

8. Section 1315.611 (a) is amended to read as follows:

(a) *Turn-in of tire prerequisite to transfer.* If the applicant is required to turn in a tire, a dealer or manufacturer shall not transfer any tire pursuant to the certificate until he has acquired physical possession of the tire being replaced, except in the case of purchase by mail.

9. Section 1315.701 (a) is amended to read as follows:

(a) (1) *Inspection by certifying inspector.* No consumer may file an application for a certificate, and no such application shall be considered by a Board until an inspector has inspected the tire to be replaced, and has made the inspector's report required by OPA Form R-1 or, in the case of applications to replenish an emergency reserve, by OPA Form R-21 (in duplicate).

(2) *Disposal of tires by emergency reserve applicants.* The inspector shall, on OPA Form R-21, authorize emergency reserve applicants to transfer to a dealer or manufacturer the tires he has found to be unrepairable or unrecappable. An emergency reserve applicant shall file with his Board his application on OPA Form R-19 and the certification of an inspector on OPA Form R-21 with proof made thereon of the transfer of the unrepairable or unrecappable tires to a dealer or manufacturer. The dealer or manufacturer to whom the tires are transferred shall retain a copy of OPA Form R-21 as a record.

10. In § 1315.804 (c) (3) the phrase "any dealer, manufacturer or the Office of Surplus Property may" is substituted for the phrase "any dealer or manufacturer may".

11. Section 1315.806 (m) is amended to read as follows:

(m) *Mounting of original equipment.* A manufacturer of vehicles or equipment may mount rationed tires as original equipment only upon the running wheels of a vehicle or piece of equipment made by him. Authorization to mount tires

for original equipment purposes is subject, however, to any prohibitions of the War Production Board with respect to mounting tires on vehicles or equipment. (With respect to passenger automobiles, the prohibition in this paragraph against mounting a spare tire as original equipment is a continuation of the same prohibition in the former WPB Order L-2-g).

12. Section 1315.806 (q) (2) is amended to read as follows:

(2) Transfer Grade I tires to a manufacturer. Transfers made under this subparagraph during any month shall be reported by the 15th of the following month to the Tire Rationing Branch, Office of Price Administration, Washington, D. C. The report shall give, by size and type, the number of tires transferred.

13. The fourth paragraph of § 1315.1003 (a) (2) is amended to read as follows:

The replenishment portions of certificates or receipts transferred to the Office of Surplus Property of the Department of Commerce by a consumer, dealer or sectional warehouse shall be forwarded by it to such offices as are designated by the Office of Price Administration, within twenty days after the end of the month in which the transfer of the tires called for thereon occurred.

This amendment shall become effective September 1, 1945.

(Pub. Law 671, 76th Cong. as amended by Pub. Laws 89, 421, and 507, 77th Cong.; E.O. 9125, 7 F.R. 2719, issued April 7, 1942; WPB Dir. No. 1, 7 F.R. 562, Supp. Dir. No. 1Q, 7 F.R. 9121)

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of August 1945.

Administrator.

Maximum Price Regulation No. 389 is amended in the following respects:

1. Subparagraph (1) of section 2 (a) is amended to read as follows:

(1) The ceiling price for each of the following products shall be determined as provided in paragraph (a) (2) of this section: the customary types of dry (hard) and semi-dry (soft) sausage other than those types for which dollar-

and-cents prices are established in section 12 (a) of this regulation upon the basis of specifications defined in section 13; scrapple; sulze or souse; pork roll made from skeletal pork only, which has a yield not in excess of 95 percent and a fat content not in excess of 15 percent; ham roll made from boneless ham only, which has a yield not in excess of 95 percent and a fat content not in excess of 15 percent; lunch roll or lunch roll sausage made from pork only, which has a yield not in excess of 98 percent and a fat content not in excess of 15 percent; pudding containing less than 30 percent livers; head cheese; blood sausage; blood and tongue sausage; tongue roll; tongue loaf; tongue salad; fresh thuringer, containing pork, beef or veal; bockwurst, fresh or scalded, containing pork, beef or veal; fresh Italian or fresh Polish sausage which is made of pork, which has a fat content not in excess of 30 percent, which has a yield not in excess of 100 percent and which contains no extender; smoked mettwurst; chili con carne; roast or cooked beef loaf; corned beef loaf; jellied corned beef; goose liver style sausage containing tongues, sweetbreads and pistachio nuts; imitation or mock chicken loaf; and all sausage or sausage products sold or delivered to a canner for the manufacture of canned sausage for a war procurement agency.

1. Section 2.3 is amended to read as follows:

SEC. 2.3 *Yellow Pine, Douglas Fir, Oak and Gum Lumber.* (a) The maximum prices for yellow pine, Douglas fir, oak and gum lumber sold to an ultimate consumer shall be determined by adding to the corresponding last reported "weighted average direct cost", as computed under paragraph (1) (ii), (1) (iii) or (1) (iv) below, as the case may be, a markup which regardless of the number of dealers or distributors handling the lumber shall not exceed \$12.50 per thousand board feet plus actual transportation costs from the pier to the point at which the ultimate consumer receives delivery.

The transportation costs may not exceed the customary carrier charge for a similar shipment, whether such transportation is accomplished thru a common or contract carrier or by the seller.

(1) Every seller of such lumber shall file with the Territorial Office of Price

Administration, at San Juan, Puerto Rico, a statement setting forth:

(i) The "direct cost to the importer" (as defined in section 1.14 (a) (6)) of each shipment which comprises the stock and the kind of lumber and amount in board feet in stock for each such shipment.

(c) Within 5 days after the seller receives a shipment of lumber, not included in the said statement, he shall file with the same office a supplementary statement showing in detail the "direct cost to the importer" therefor and the manner in which he has computed his new "weighted average direct cost".

(d) No person may sell any lumber unless he has first appropriately computed his weighted average direct cost and complied with the record-keeping and reporting requirements of this section.

(e) Each purchaser of yellow pine, Douglas fir, oak or gum lumber shall be supplied with an invoice stating the name and address of the seller, the date of the sale, a description of the lumber, including the quantity sold, the seller's weighted average direct cost for such lumber, transportation charges and markup added. Copies of all such invoices shall be kept for inspection by the OPA for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect.

SEC. 6. *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation 16 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.<sup>4</sup>

<sup>3</sup> 8 F.R. 13240.

<sup>4</sup> 9 F.R. 10476, 13715.

**Sec. 7. Definitions.** When used in Maximum Price Regulation 16, the term:

(a) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(b) "Raw cane sugars" means any sugars which are principally of crystalline structure and which are to be further refined or improved in quality, and any sugars which are principally not of crystalline structure but which are to be further refined or otherwise improved in quality to produce any sugars principally of crystalline structure.

**Sec. 8. Maximum prices for raw cane sugars.** (a) (1) (i) The maximum price per pound for raw cane sugars from off-shore producing areas of 96 degrees polarization, duty paid, cost, insurance and freight, shall be 3.75 cents, for delivery at points at which deliveries have customarily been made by Commodity Credit Corporation for a particular refinery, or, if such deliveries have not customarily been made by Commodity Credit Corporation, then at receiving scales located at the refinery port.

(ii) If a buyer receives delivery of off-shore sugars elsewhere than at such points, the total cost to the buyer shall not exceed the specified maximum price applicable at the point where the buyer has customarily received deliveries from Commodity Credit Corporation or, if such deliveries have not customarily been made by the Commodity Credit Corporation, at the receiving scales located at the refinery port plus an amount equal to all charges that would have been incurred in moving the sugar over the customary route from such point to the buyer's refinery.

(2) Except, by contract, provision may be made for a maximum price to be:

(i) An amount which may be adjusted later, up to but not to exceed the maximum price in effect at the time of putting the raw sugar being priced by the contract into the refiner's melt, or

(ii) An average of the prices not to exceed an average of the maximum prices of raw cane sugar at the specified port of arrival which prevail during the period of the contract, or

(iii) A consideration which includes performance of services by the buyer, if the maximum prices specified above are lowered by an amount at least equal to the reasonable money value of such services to the seller; provided a copy of such contract and an explanation of the services are submitted to the Office of Price Administration, Washington, D. C., at least thirty days before the contract is to become effective. The Price Administrator may adjust the price set out in such contract by issuance of an order within thirty days after its receipt, otherwise it will be considered as complying with this regulation as to maximum prices.

(b) Maximum prices per pound for continental United States raw cane sugars of 96 degrees polarization shall be as follows:

(1) 3.75 cents per pound, f. o. b. conveyance for delivery to a refinery, less the per pound transportation charge at the published freight rate from the raw sugar mill to the refinery nearest freightwise to such raw sugar mill. The maximum delivered price to a refinery shall be the above f. o. b. price plus actual transportation cost from the selling raw sugar mill to the refinery processing such sugar.

(2) With respect to any sale of the sugars included in this paragraph (b):

(i) A contract may provide for averaging the prices during the season in accordance with the customary method: *Provided*, That (a) the average price for the season does not exceed a price obtained by averaging the maximum prices in effect during the season in accordance with such method; and (b) the season used in determining the average price commences not later than the date fixed by the United States Department of Agriculture pursuant to the Sugar Act of 1937, as amended, as the beginning of the sugarcane marketing season and terminates not later than the date fixed by the United States Department of Agriculture pursuant to said Act as the termination of said season.

(ii) A contract may provide for the payment of an adjusted price not to exceed the maximum price in effect at the time of arrival at the buyer's warehouse or place of business. In the event that more than one delivery is made pursuant to the same contract, the adjustment of the price and the payment thereof shall be made in respect to each delivery separately.

(c) Adjustment for polarization. Maximum prices specified herein shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) so that the maximum prices for the various tests shall not exceed the prices obtained by applying the method customarily used prior to August 14, 1941 for sugars of like test.

[Paragraph (c) amended by Am. 1, effective 9-1-45]

**Sec. 9. Evasion.** The price limitations established by Maximum Price Regulation 16 shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of raw cane sugars, alone or in conjunction with any other commodity or material, or by way of any commission, service, transportation, or other charge, or discounts, premium, or other privilege, or by tying-agreement, or other trade understanding, or by shifting the incidence of a cost which customarily has been borne by the buyer or the seller to the other party to the contract, or by any other means.

**Sec. 10. Maximum prices as to transactions of the Commodity Credit Corporation.** (a) With respect to the pur-

chase of raw cane sugar the Commodity Credit Corporation and sellers to it are exempted from the provisions of this regulation.

(b) For the sale of raw cane sugar by the Commodity Credit Corporation, contracts may be entered into by it and by purchasers from it to provide: (1) for forward deliveries with payment to the Commodity Credit Corporation of an adjusted price not to exceed the maximum price in effect on the day when such sugar is put into the melt in the purchaser's refinery; (2) for price adjustments on sugars other than that directly supplied by the Commodity Credit Corporation and providing for payment for them at a price not to exceed the maximum price on the day when such sugar is put into the refiner's melt, and (3) for reciprocal services.

**Sec. 11. Export maximum prices.** Maximum prices at which a person may export raw cane sugar shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation, as amended.<sup>5</sup>

**Sec. 12. Adjustable pricing.** When a request for a change in the applicable maximum price is pending, an authorization may be given by the Price Administrator for a price to be adjusted upward after the raw sugar being priced is put into the refiners melt, if the Price Administrator deems such authorization necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act, as amended.

**Effective date.** This regulation shall become effective January 8, 1945. [Maximum Price Regulation 16 originally issued January 3, 1945]

[Effective date of amendment is shown in the note following the parts affected]

**Note:** All records keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of August 1945.

Administrator.

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

A new section 7.20 is added to read as follows:

SEC. 7.20 *Increases in allotments based on increase in population*—(a) *The amount of increase.* An industrial user who in 1942 delivered to an area listed in a supplement to this order, products for which he may obtain an allotment of fats and oils may, for each allotment period, obtain an increase in the allotment of fats and oils he is entitled to get under section 7.6. The amount of the increase for each class of products is determined as follows:

(1) The dollar volume of that class of products containing fats and oils which he delivered in 1942 to the listed area is divided by:

(2) The dollar volume of that class of products containing fats and oils which he delivered in 1942.

(3) The result is multiplied by the percentage shown for that area in the supplement to this order. (The result obtained is the percentage by which the industrial user's allotment of fats and oils for that class of products is increased.)

(4) If he made deliveries to more than one listed area, the percentage increases in allotment of fats and oils for that class of products for each listed area are added together. (This is the total percentage by which his allotment of fats and oils for that class of products is increased.)

(5) The total percentage increase (the figure obtained in (3), if he made deliveries to one listed area, or (4), if he made deliveries to more than one listed area) is multiplied by the industrial user's reg-

ular allotment of fats and oils for that class of products for that allotment period. (This is the amount of the increase in allotment of fats and oils for that class of products to which the industrial user is entitled, under this section, for that allotment period.)

(b) *How to determine what to include as deliveries.* Only final deliveries, directly or by independent carrier are covered by this section. Deliveries to the following are not included: the Army, Navy, Marine Corps, or Coast Guard of the United States; Army Exchanges, Army Exchange Service, Post Exchanges of the Marine Corps, Ships Service Activities of the Navy or Coast Guard; other activities designated by the Army, Navy, Marine Corps, or Coast Guard; War Food Administration, and Ships Service Stores of the Training Organization of the War Shipping Administration, the American Red Cross, with respect to its acquisitions of food for consumption by members of the armed forces of the United States outside the United States, a naval vessel or naval activity of the United Nations, the Navy, Army, and Air Forces Institutes (of Great Britain), or for use as ships' or canteen stores in any ocean-going vessel of the United States or of any of the United Nations, or any neutral vessel, designated by the War Shipping Administration, which is engaged in the transportation of cargo or passengers in foreign, coastal, or intercoastal trade. In determining 1942 deliveries to a listed area, only the following deliveries are to be included: (1) deliveries by the industrial user in 1942 of products in which he used fats and oils to all places in such area not specified in paragraph (c), and (2) deliveries of such products in 1942, with or without further processing by persons and from places specified in paragraph (c), wherever located, to all places in such area not specified in that paragraph.

(c) *Places referred to in paragraph (b).* The places referred to in the previous paragraph are the following:

(1) An industrial user establishment of the industrial user, or

(2) A plant or warehouse of the industrial user, or

(3) A plant or warehouse of a person having an exclusive contract to distribute the industrial user's products (with or without processing) in more than one listed area, or

(4) A plant or warehouse of a person owning more than 50 percent of the stock of the industrial user corporation, or a plant or warehouse of a corporation or other organization more than 50 percent of the stock of which is owned by that person or by the industrial user.

(d) *How application is made.* An industrial user's application for the increase in allotment of fats and oils allowed by this section must be made, in person or by mail, to the Board or the District Office with which he is registered. The first application for such increase must be made on OPA Form R-1200A. The applicant must give all of the information required to be stated by him on the form. If an amendment to the supplement to this order adds an area or areas which were not included in the areas listed in the supplement when the industrial user filed his first applica-

tion on OPA Form R-1200A for an increase as provided by this section, the industrial user, if he delivered in 1942 to these additional areas products for which he may obtain an allotment of fats and oils and if he desires to obtain an increase in his allotment of fats and oils for deliveries made to these additional areas, must amend his application by giving the information called for by the form as to the additional area or areas. No further application for an increase need be filed. The increase authorized by this section for each period will be granted by the Board or the District Office when the regular allotment for each period is made. Provisions covering late application for allotments cover the increase permitted by this section. However, application for the full increase in allotment for the third quarterly period of 1945 may be made at any time before September 15, 1945.

(e) **Records.** An industrial user who applies for an increase in allotment of fats and oils under this section must keep, at his office, available for inspection by the Office of Price Administration, the journals, ledgers, and other records and reports which he used in obtaining or furnishing the information on which such increase was based.

(f) An industrial user may use an increase provided by this section only in products to be delivered by him within the listed area for which he received the increase. As a further condition of using the increase, he must, in addition to his delivery of these products, continue to deliver within such area during the allotment period for which the increase is granted, at least the same proportion of his products, in fats and oils content (counting only fats and oils used by him), as he delivered within such area during 1942. An industrial user who receives an increase under this section for more than one listed area shall make the deliveries required by this paragraph in each such area.

(1) If, during the allotment period for which the increase authorized by this section was granted, the industrial user fails to deliver products in accordance with the provisions of this paragraph to any of the areas listed on his application, he shall notify, in writing, the Board or the District Office with which he is registered of that fact within ten days after the close of that allotment period. The Board or District Office will charge the amount of the increase which he obtained for deliveries to that area or areas as excess inventory.

(2) If, at any time, an industrial user will not deliver products, in accordance with the provisions of this paragraph, to any of the areas listed on his application, he shall notify, in writing, the Board or District Office with which he is registered of that fact before or at the time of application for his next regular allotment. The Board or District Office will not grant an increase under the provisions of this section for deliveries to that area or areas.

This amendment shall become effective August 27, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been ap-

proved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of August 1945.

## Chapter XX—Office of Contract Settlement

[Reg. 14, Amdt. 3]

### PART 8004—TERMINATION COST MEMORANDUMS

#### FIXED-PRICE SUPPLY CONTRACTS

Pursuant to section 2 of Regulation No. 14 of this Office, Regulation No. 14 is hereby amended to incorporate Termination Cost Memorandum No. 16 which is hereby issued as a part of such regulation.

§8004.16 *Severance pay*—(a) *Reference to statement of cost principles.* Although the statement does not refer in specific terms to severance pay, its recognition is inherent in the general statement of cost included therein.

(b) *Definition.* The term "severance pay", as used herein, refers to amounts due to employees solely by reason of their involuntary separation (ordinarily termed "layoff") from the employ of the contractor other than for cause. It should be distinguished from pensions, bonuses, vacation pay, and similar payments, which involve different accounting treatment.

(c) *Interpretations.* (1) A reasonable amount may be included for severance pay, provided the contractor is required to make payments therefor: (i) By statute, (ii) by written agreement, or (iii) by the operation of an established policy which constitutes an implicit agreement.

(2) No amount may be included for severance pay where payment is contingent upon recovery from the Government.

(3) Severance pay should ordinarily be considered as applicable to the entire period of employment with the contractor, determined in accordance with paragraph 3e, and not as directly applicable to any particular contract or contracts, or the terminated portion thereof.

(4) Any method of allocating severance pay to a terminated contract, or the terminated portion thereof, may be used, provided the amount so allocated is reasonable and the method is consistent with the principles set forth in this memorandum. It will usually be acceptable to allocate severance pay to terminated contracts by applying a rate based on the relation of the total severance payments of the contractor during the period indicated in paragraph 3e to any suitable base for the same period, such as payrolls of classes of employees covered by the severance pay plan, total payrolls of all employees, direct labor, etc. The rate so determined should be applied to the corresponding element included in the settlement. Such rate of allocation may be determined on the basis of the operations of individual plants or other units of the contractor's organization where such

separate computations result in a more accurate allocation than that determined for the contractor's entire organization.

(5) The period used in the determination of the rate will necessarily vary with different contractors, but it should cover the approximate average period of employment of those classes of employees covered by the severance pay plan, up to and including the date of substantial completion of mass layoffs resulting from cessation of war production. When mass layoffs have not taken place before the date of submission of a termination claim, because of continuing war production, the rate used will be based on a computation including suitable estimates of the factors described in paragraph 3d and in this paragraph. Consideration should be given to the fact that employees may not be entitled to severance pay because of such factors as resignation, separation for cause, and the effect of a qualification period.

Acting Director.

[Reg. 20]

### PART 3006—FAIR COMPENSATION FOR WAR CONTRACTORS

#### TREATMENT OF AMOUNTS PAID TO EMPLOYEES FOR AUGUST 15 AND 16, 1945

Pursuant to sections 4 (b) and 6 (d) of the Contract Settlement Act and the principles laid down in a memorandum from the President of the United States to the Director of Contract Settlement dated August 24, 1945, and hereto attached as Exhibit A, the following policies and procedures are prescribed to govern the treatment, in the settlement of terminated contracts, of payments made to employees for August 15 and 16, 1945:

1. *Payment for work done.* Amounts may be included in the settlement of terminated contracts, in accordance with principles otherwise applicable, for payments made to employees for work done on August 15 and 16, 1945, including premium payments required by the applicable provisions of law or Executive order.

2. *Payments for time off.* Amounts may be included in the settlement of terminated contracts for payments made to employees for time off on August 15 and 16, 1945, in accordance with the following principles:

(a) Such payments shall not exceed pay for a normal shift at straight-time rates.

(b) Such payments shall be included in the appropriate overhead accounts of the contractor and allocated between the terminated work and other work of the contractor in accordance with accepted commercial accounting practice. For the purpose of bringing about a reasonable allocation of such payments the accounting period customarily used by the contractor for the distribution of over-

head may be shortened, but not to a period less than one month in the absence of clear evidence of special circumstances creating unfairness.

ROGER L. PUTNAM,  
Acting Director.

#### EXHIBIT A

When the news was received on August 14, 1945, that the Japanese had accepted the Potsdam declaration, a statement was issued from the White House that the days of August 15 and 16, 1945, would be declared holidays for war workers under Executive Order 9240, which provides for holiday premium pay. An Executive Order effectuating this was subsequently issued; and the Secretary of Labor publicly expressed my hope that war workers who did not work on those two days would be paid by their employers at straight-time rates. There was widespread observance of these holidays, which represented an appropriate recognition of the magnificent contribution made by war workers to our victory.

In view of these actions, contractors who pay the war workers among their employees for time off taken during these two days should be reimbursed by the Government to the extent that the Government is compensating these contractors on a cost basis. This would include the holders of cost-plus-a-fixed fee or other cost-type war contracts, because such pay for time off is a reasonable and proper cost of performing such contracts. It would also include the holders of war contracts terminated for the Government's convenience to the extent that the cost of pay for time off is applicable to terminated work.

It would be impracticable to attempt any reimbursement on this account to the holders of fixed-price war contracts that are completed and not terminated, for this would involve making many thousands of minor contract amendments. Such contractors, moreover, are continuing to receive the contract price for their product.

Please take all necessary steps to effectuate the foregoing.

### FEDERAL POWER COMMISSION.

[Docket No. G-655]

#### EL PASO NATURAL GAS CO.

##### NOTICE OF APPLICATION

AUGUST 24, 1945.

Notice is hereby given that on August 10, 1945, an application was filed with

the Federal Power Commission by El Paso Natural Gas Company ("Applicant"), a Delaware corporation with its principal place of business at El Paso, Texas, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate certain facilities hereinafter described.

Applicant owns and operates a natural-gas transmission pipe-line system extending from Jal, Lea County, New Mexico, in a general westerly direction across portions of Texas, New Mexico and Arizona to Phoenix and Ajo, Arizona. Among other operations, it purchases natural gas in the Lea County field in New Mexico and delivers the same to other companies for distribution in numerous communities in Arizona, New Mexico and Texas, and to industrial customers in said states.

The facilities which Applicant seeks authorization to construct and operate are described as follows:

(a) A 26-inch transmission pipe line commencing at Applicant's Jal No. 1 Plant, which is located approximately 4 miles south of the town of Jal in Lea County, New Mexico, and extending in a westerly direction approximately 720 miles to a point on the east bank of the Colorado River east of the town of Blythe, California. The proposed 26-inch pipe line will have an estimated capacity of 125,000,000 cu. ft. of gas per day.

(b) A compressor station, with eight 800 H. P. units with appurtenant facilities, which is to be located at Applicant's Jal No. 1 Plant situated in Lea County, New Mexico. It is contemplated that the proposed station will have a capacity of 125,000,000 cu. ft. per day.

(c) A gas purification and dehydration plant to be located at Applicant's Jal No. 1 Plant in Lea County, New Mexico, with an estimated capacity of 105,000,000 cu. ft. per day.

(d) Field lines consisting of 117 miles of 24-inch pipe, 32 miles of 18-inch pipe and 14½ miles of 14-inch pipe for the purpose of receiving and transporting gas to Applicant's proposed compressor station at Applicant's Jal No. 1 Plant above described. Such lines will have an estimated capacity of 125,000,000 cu. ft. of gas per day.

The application recites that it is anticipated that there will be a shortage of gas available to gas companies in southern California in 1947 of approximately 125,000,000 cu. ft. per day, and that such shortage will increase over the succeeding 5 years to a total of approximately 300,000,000 cu. ft. of gas per day. Applicant asserts that the proposed construction is to meet this contemplated shortage, and that it will be able by means of such construction to deliver at the western terminus of the line at the Colorado River 125,000,000 cu. ft. of gas per day with the use of only one compressor station, and by the addition of compressor stations along the proposed line the delivery capacity of the line can be increased to 300,000,000 cu. ft. per day in order to meet the need for natural gas in California.

Applicant submits that the proposed construction is designed to fit into a comprehensive program for the conservation of natural gas produced with oil in the Permian Basin of West Texas and New Mexico, and that there is now being vented into the air approximately 125,000,000 cu. ft. of gas per day, the quantity of gas proposed to be initially marketed by applicant.

Applicant asserts that it owns gas rights on approximately 10,000 acres in what is known as the Rhodes Area of the field in Lea County, New Mexico, adjacent to its terminus at Jal which has a theoretical storage of approximately 60,000,000,000 cu. ft., which Applicant contemplates using for storage to cover peak day demands and to act as standby to cover irregularities in the production of residual gas.

It is further asserted that gas to be transported through the proposed pipe line will be used to supplement the declining supply of gas in California so as to avoid a curtailment of natural gas service in that state, and will not be used to displace other fuels.

The total estimated over-all cost of the construction is \$25,440,000. Applicant proposes to finance such construction by the sale of \$16,700,000 of bonds, \$5,000,000 of preferred stock, and the remaining \$3,740,000 by virtue of a bank loan and cash on hand.

Any person desiring to be heard or to make any protest with reference to said application should, on or before September 10, 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations.

THE OHIO FUEL GAS CO.

NOTICE OF APPLICATION

August 27, 1945.

Notice is hereby given that on August 20, 1945, an application was filed with the Federal Power Commission by The Ohio Fuel Gas Company, a corporation organized under the laws of the State of Ohio, with its principal place of business at 99 North Front Street, Columbus, Ohio, for a certificate of public convenience and necessity pursuant to Section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate certain facilities, hereinafter more particularly described, which, if constructed, will extend Applicant's existing natural gas transmission system northwardly from Urbana Champaign County, Ohio, to Bellefontaine, Logan County, Ohio, a distance of approximately 18½ miles.

Applicant supplies natural gas at wholesale and retail for ultimate consumption in numerous communities in Ohio.

The facilities which Applicant seeks authority to construct and operate are described in its application as follows:

A natural gas transmission pipe line consisting of 83,500 ft. of 8" and 3,500 ft. of 6" steel pipe extending from the terminus of Applicant's existing 6" transmission line serving the City of Urbana, Champaign County, Ohio, to the City of Bellefontaine, Logan County, Ohio, together with a gas pressure regulating and measuring station near the corporation line of the City of Bellefontaine.

Applicant states that it proposes to furnish natural gas at wholesale to the City of Bellefontaine, a municipal corporation in Logan County, Ohio, now owning and operating a municipal manufactured-gas distribution system which is to be converted for the distribution of natural gas; that the population of Bellefontaine is approximately 9,800 with some 2,700 gas customers; that total sales to the City are estimated at 80,000 Mcf annually with maximum daily requirements of 500 Mcf and minimum daily requirements of 125 Mcf.

Applicant further states that it does not propose to serve main line industrial customers from the new proposed line to the City of Bellefontaine, but that domestic gas service is to be made available to property owners as provided by the terms and conditions of right-of-way agreements; and that a preliminary investigation is in progress concerning possible service to the Village of West Liberty, Logan County, Ohio, located along the proposed transmission line with a population of about 1,200 and now without gas utility service.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 10th day of September, 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

It appearing, that shipments of sand and gravel, in carloads originating at Terre Haute, Indiana, and destined to Naval Ordnance Depot, Crane, Indiana, for use on government construction are being weighed on railroad track scales, thus impeding the use, control, supply, movement, and distribution of cars; in the opinion of the Commission an emergency exists requiring immediate action to avoid a shortage of equipment and congestion of traffic: it is ordered, that:

Carloads of sand and gravel, for use on Government construction at Crane, Indiana, not to be weighed. The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended.

(b) *Announcement of suspension.* Each of such railroads shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 announcing the suspension of provisions in such tariffs conflicting with this order.

(c) *Effective date.* This order shall become effective at 12:01 a. m., August 26, 1945.

**OFFICE OF PRICE ADMINISTRATION.**

[MPR 188, Amdt. 1 to Rev. Order 3261]

**CERTAIN ARTICLES OF UPHOLSTERED  
FURNITURE**

**APPROVAL OF MAXIMUM PRICES**

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159b of Maximum Price Regulation No. 188 and section 6.4 of Second Revised Supplementary Regulation No. 14, *It is ordered:*

Revised Order No. 3261 under Maximum Price Regulation No. 188 is amended in the following respects:

1. Part 3, consisting of paragraphs (d), (e), (f), and (g) is hereby deleted.
2. New Parts 3, 4, 5, and 6, consisting of paragraphs (d), (e), (f), (g), (h), (i), (j), and (k) are added to read as follows:

**PART 3—MAXIMUM PRICES OF "RETAILERS"  
WHO DID NOT SELL UPHOLSTERY FABRICS  
SEPARATELY DURING MARCH 1942**

If the "retailer" during March, 1942 was not engaged in the business of selling upholstery fabrics separately by the yard his maximum prices are as follows:

(d) "Retailers" who can use MPR 580 pricing charts. (1) If the "retailer" owns the cover fabric and his maximum prices on sales of articles of upholstered furniture to his purchaser are generally determined under a pricing chart prepared in accordance with Maximum Price Regulation No. 580, then his maximum price for the completed article is the price determined under Maximum Price Regulation No. 580 by using as net cost the total of his supplier's net maximum price for the article when covered with "customer's own material" plus the cost of the cover fabric computed as follows:

(i) If the cover fabric was purchased from the fabric manufacturer or from the converter, the cost of the cover fabric is the amount paid for the cover fabric.

(ii) If it was purchased from any other seller who certifies that he has filed his maximum price for the fabric with the Office of Price Administration, Washington, D. C. (as required by Maximum Price Regulation No. 39) and gives the date of such filing, the cost of the cover fabric is 75 percent of the amount paid for the cover fabric.

(iii) If it was purchased from any other seller, the cost of the cover fabric is 50 percent of the amount paid for the cover fabric.

(2) If the cover fabric is owned by the ultimate consumer, but it was bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the same as his maximum price for the completed article (determined as if the "retailer" owned the fabric) less the amount he charged for the cover fabric.

(3) If the cover fabric is owned by the ultimate consumer and the fabric was not bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the price determined as provided in paragraph (d) (1) above using as net cost an amount no greater than his supplier's maximum price for the article when covered with the "consumer's own material".

(e) "Retailers" who cannot use MPR 580 pricing charts. A seller covered by this part, who cannot find his maximum price under paragraph (d) above determines his maximum prices as follows:

(1) If the seller owns the cover fabric, his maximum price for the completed article is:

(a) The highest price he charged during March 1942 for the same article; or

(b) If he did not make a delivery or offer for delivery of the same article during March 1942, then his maximum price is the price determined according to the method and procedure set forth in section 1499.3 (a) of the General Maximum Price Regulation, using as his "cost" of the completed article an amount no higher than the total of his supplier's maximum price for the article when covered with "customer's own material" plus the cost of the cover fabric computed as follows:

(i) If the cover fabric was purchased from the fabric manufacturer or from the converter, the cost of the cover fabric is the amount paid for the cover fabric.

(ii) If it was purchased from any other seller who certifies that he has filed his maximum price for the fabric with the Office of Price Administration, Washington, D. C. (as required by Maximum Price Regulation No. 39) and gives the date of such filing, the cost of the cover fabric is 75 percent of the amount paid for the cover fabric.

(iii) If it was purchased from any other seller, the cost of the cover fabric is 50 percent of the amount paid for the cover fabric.

(c) If the seller's maximum price cannot be determined under the preceding provisions, then his maximum price is the price approved by the Office of Price Administration according to the method and procedure set forth in § 1499.3 (c) of the General Maximum Price Regulation upon application setting forth as the cost of the completed article the amount specified in subparagraph (1) (b) above.

(2) If the cover fabric is owned by the ultimate consumer, but it was bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the same as his maximum price for the completed article (determined as if the "retailer" owned the fabric) less the amount he charged for the cover fabric.

(3) If the cover fabric is owned by the ultimate consumer and the fabric was not bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the price determined as provided in para-

graph (e) (1) above using as cost an amount no greater than his supplier's maximum price for the article when covered with the "customer's own material."

#### PART 4—MAXIMUM PRICES OF "RETAILERS" WHO SOLD UPHOLSTERY FABRICS SEPARATELY DURING MARCH 1942

If the "retailer" during March 1942 was engaged in the business of selling upholstery fabrics separately by the yard, his maximum prices are as follows:

(f) "Retailers" who can use MPR 580 pricing charts. - (1) If the "retailer" does not himself own the cover fabric and his maximum prices on sales of articles of upholstered furniture to his purchaser are generally determined under a pricing chart prepared in accordance with Maximum Price Regulation No. 580, then his maximum price for the article when covered with the "customer's own material" is the price determined under Maximum Price Regulation No. 580 by using as net cost an amount no higher than his supplier's net maximum price for sales to him of the article covered with the "customer's own material."

(2) If the "retailer" owns the cover fabric, his maximum price for the completed article is the sum of his maximum price for the article when covered with the "customer's own material" and his maximum price for the upholstery fabric.

(g) "Retailers" who cannot use MPR 580 pricing charts. A seller covered by this part who cannot find his maximum price under paragraph (f) above determines his maximum prices as follows:

(1) If the seller does not himself own the cover fabric, his maximum price for the article when covered with the "customer's own material" is:

(a) The highest price he charged during March 1942 for the same articles; or

(b) If he did not make a delivery or offer for delivery of the same article during March 1942, then his maximum price is the price determined according to the method and procedure set forth in section 1499.3 (a) of the General Maximum Price Regulation using as his "cost" an amount no higher than his supplier's maximum price for sales to him of the article covered with the "customer's own material."

(c) If he cannot determine his maximum price under the preceding provisions, then his maximum price is the price approved by the Office of Price Administration according to the method and procedure set forth in § 1499.3 (c) of the General Maximum Price Regulation upon application setting forth as the cost of the article the amount specified in subparagraph (1) above.

(2) If the seller owns the cover fabric, his maximum price for the completed article is the sum of his maximum price for the article when covered with the "customer's own material" and his maximum price for the upholstery fabric.

#### PART 5—MAXIMUM PRICES OF "WHOLESALEMS"

(h) "Wholesalers" who did not sell upholstery fabrics separately during

March 1942. If the "wholesaler" during March 1942 was not engaged in the business of selling upholstery fabrics separately by the yard, he determines his maximum prices as follows:

(1) If the seller owns the cover fabric, his maximum price for the completed article is the price determined according to the method set forth in paragraph (e) (1) above.

(2) If the cover fabric is owned by the person buying the article of furniture, but it was bought from the same "wholesaler", the "wholesaler's" maximum price for the article when covered with such fabric is his maximum price for the completed article (determined as if he owned the fabric) less the amount he charged for the cover fabric.

(3) If the cover fabric is owned by the person buying the article of furniture and the fabric was not bought from the same "wholesaler", the "wholesaler's" maximum price for the article when covered with such fabric is the price determined as provided in paragraph (e) (1) above using as cost an amount no greater than his supplier's maximum price for the article when covered with the "customer's own material."

(i) "Wholesalers" who sold upholstery fabrics separately during March 1942. If the "wholesaler" during March 1942 was engaged in the business of selling upholstery fabrics separately by the yard, he determines his maximum prices according to the method set forth in paragraph (g) (1) or (g) (2) above, whichever is applicable.

#### PART 6—GENERAL PROVISIONS

(j) Maximum prices for upholstery fabrics. The "retailer's" maximum price for upholstery fabric sold separately by the yard is the price properly established in accordance with Maximum Price Regulation No. 580 or other applicable regulation and the "wholesaler's" maximum price for upholstery fabric sold separately by the yard is the price properly established in accordance with Maximum Price Regulation No. 39, or other applicable regulation.

(k) Delegation of authority. The Price Administrator, or any Regional Administrator, or any District Director so authorized by the Regional Administrator may at any time approve or disapprove maximum prices reported, or proposed under paragraphs (e), (g), and (i) above and may at any time revise maximum prices established under those provisions so as to bring them in line with the level of maximum prices established for sales of similar articles of upholstered furniture.

This amendment shall become effective on the 1st day of September 1945.

Issued this 27th day of August 1945.

C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

## NEW SMALL-VOLUME MANUFACTURERS

## SIMPLIFIED PRICING

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159b of Maximum Price Regulation No. 183, it is ordered:

SECTION 1. *The purpose of this order.* The principal purpose of this order is to help new small-volume manufacturers of commodities covered by Maximum Price Regulation No. 183 to get into production as rapidly as possible by providing simple rules by which they can obtain suitable ceilings. This order is also designed to help a new business which began production on or after September 1, 1944, when the War Production Board's "spot authorization" program was instituted, if it has been unable to operate profitably under maximum prices previously established under Maximum Price Regulation No. 183 in line with March 1942 prices. Instead of having to apply for an adjustment of those ceilings, any such new business may simply obtain new ceilings under this order.

This order is also intended to provide a speedy pricing method for small-volume businesses which heretofore have always been engaged exclusively in war production. However, this order is not intended to provide rules for the pricing of new products which other established businesses may now wish to produce. Restrictions have been provided to prevent evasion of this limitation. Otherwise, in the hope of obtaining relatively higher ceiling prices, some established businesses might stop producing their existing civilian lines to take advantage of this order's informal procedure which has been specially designed to meet the needs of new businesses. Established businesses which are reconverting will in most instances obtain any needed price relief through OPA's reconversion pricing program.

SEC. 2. *What this order does.* This order provides simplified rules which eligible new small volume manufacturers may use to obtain ceiling prices instead of using the Second, Third, or Fourth Pricing Methods of Maximum Price Regulation No. 183. All the other provisions of Maximum Price Regulation No. 183 continue to apply to manufacturers obtaining ceiling prices under this order. The provisions of this order may be used by any eligible manufacturer to obtain new ceiling prices to take the place of ceiling prices which had been established under Maximum Price Regulation No. 183, whether by order or otherwise, on or after September 1, 1944.

Article	Model	Maximum prices for sales by any seller to—				
		Wholesalers (jobbers)	Wholesalers shipping from factory	Chain and department stores	Other retailers	Consumers
Aluminum cookie sheet.....	H-33	Each \$0.45	Each \$0.51	Each \$0.54	Each \$0.69	Each \$0.90
Portable barbecue.....	H-69	Each \$1.25	Each \$1.75	Each \$1.50	Each \$1.50	Each \$25.00
Orchard ladder.....	H-81	Per ft. \$0.60	Per ft. \$0.76	Per ft. \$0.90	Per ft. \$0.90	Per ft. \$1.50

These maximum prices are for the articles described in the manufacturer's application dated July 9, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. These prices are f. o. b. factory and subject to a cash discount of 2% for payment within 10 days, net 30 days.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, 25, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 183, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement with the correct retail ceiling price filled in:

OPA Retail Ceiling Price, \$-----  
Do Not Detach.

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 25th day of August 1945.

Issued this 24th day of August 1945.

Administrator.

**Sec. 3. Tests of eligibility to obtain new maximum prices under this order.** To show that you are a new small-volume manufacturer, you must satisfy the tests of eligibility in paragraphs (a) and (b) of this section. (The word "you" as used in this order refers to both parent and subsidiary or affiliated companies taken as a unit.)

(a) *Tests to tell whether you are a "new" manufacturer.* You are a "new" manufacturer under this order if you are able to meet either Test 1 or Test 2 below.

**Test 1.** You began a new business on or after September 1, 1944.

To meet this test, your business must actually have been started as a genuinely new enterprise on or after September 1, 1944. You would not be such a new enterprise simply because you added new products to your line after that date. A new business organized after that date, however, is not a new enterprise if there was a transfer, as defined in section 5 of the General Maximum Price Regulation, to it of the assets and ceiling prices of another business which was not eligible to price under this order.

A business organized after the issuance date of this order is not a "new" business if (1) any person having a substantial interest in it has at the same time a substantial interest in another business which has manufactured civilian products on or since that date and is not itself eligible to price under this order; or (2) if a person having a substantial interest in it has had since the issuance date of this order a substantial interest in such another business. (A person shall be considered to have a "substantial interest" in a business if he has a 20 percent or greater ownership interest in the business or, in the case of the new business, if he is one of the three persons who are expected to receive the highest compensation for services rendered to that new business.)

You may not continue to sell at ceiling prices which you lawfully obtained under this order by satisfying this Test 1, if in evasion of this test, you later permit a person to obtain a substantial interest in your business who, if he had had such an interest when you obtained your ceilings, would have prevented you from satisfying this test.

**Test 2.** Before September 1, 1944, you were at all times engaged exclusively in the business of manufacturing products on contract or subcontract for sales to one or more United States war procurement agencies or Allied Governments.

**Note:** If you cannot satisfy this test because at some time before September 1, 1944, you had manufactured civilian products, be sure to check Supplementary Order No. 118 ("Reconversion Pricing for Small Volume Manufacturers") since you will probably be able to calculate new ceiling prices for those products under that order.

(b) *Tests to tell whether you are a "small-volume" manufacturer.* You are a "small-volume" manufacturer if you can meet both the following tests.

**Test 1.** Your total net sales of products made by you in the six calendar months preceding your price report (not counting sales on contracts or sub-contracts of any United States war procurement agency or of any Allied Government for war purposes) were not more than \$100,000.

**Test 2.** Giving considerations to all relevant factors, including the facilities, manpower, and materials to be used in your civilian business, you cannot expect that your sales (not counting sales on contracts or sub-contracts of any United States war

procurement agency or of any Allied Government for war purposes) will be more than \$100,000 in the six calendar months following your price report under this order.

**Sec. 4. How to figure your ceiling prices.** There are two ways in which you can figure your ceiling prices under this order. These are called, for convenience the "comparability" method and the "cost" method. You may choose either of them if you do not already have a ceiling price for the article. If you do have a ceiling price, you may use only the "cost" method.

(a) *The "comparability" method.* The "comparability" method involves selecting from articles which already have ceiling prices, an article which is either exactly the same as the article you produce, or comparable to it, and proposing as your ceiling price the ceiling price of the manufacturer of that article. If the only comparable articles you can find differ substantially from yours, select the one most closely comparable and propose a price which takes its differences into account. For example, if your article has a feature which the comparable article does not have, you may add to the manufacturer's ceiling prices an amount which you consider adequate to reflect the cost of the additional feature, and propose the total as the ceiling price.

If you choose the "comparability" method, you must submit a report in duplicate on Part II of OPA Form 601-2553 to the District OPA Office for the district in which your place of business is located, giving the information required by the form. That form calls for a description of your article and the comparable article, and the ceiling price of the comparable article. If your proposed ceiling price is higher or lower than the ceiling price of the comparable article the form calls for an explanation of the differences in specifications between the two articles on which you rely to justify the proposed difference in ceiling price.

(b) *The "cost" method.* The "cost" method of fixing your ceiling price involves figuring your total cost for the article and adding to it your industry's average profit margin in a representative peacetime period. Under this method all ceiling prices not figured on the basis of at least three months production experience must be refigured at the end of the first three months of such experience. This is explained in section 7 below.

If you use this method of figuring your ceiling price, you fill in Part III of OPA Form 601-2553 giving a breakdown of your total costs on a reasonable basis, to make and sell the article (taking into account your expected volume of production) and proposing a ceiling price based on those costs plus the average peacetime profit margin for your industry. If you have been in production of the article being priced for three or more months, you must base your total cost figures on your production experience in the latest calendar month. The profit margin may be found by multiplying by two the profit factor which OPA has specified for your industry or, if none is specified, the profit factor for the in-

dustry group which includes your industry. These factors are listed in Appendix D of Supplementary Order No. 118. (This supplementary order applies to small-volume reconverting manufacturers and the pricing of reconversion commodities.) If you do not have a copy of this order, your OPA District Office will supply you with the profit factor for your industry on request.

(c) *Form and samples.* Copies of OPA Form 601-2553 and help in preparing it, can be obtained from your District OPA Office. In addition to submitting the forms you should submit a sample of your article, and, if you use the "comparability" method, of the comparable article. If it is not practicable for you to submit samples, photographs or other accurate illustrations must be submitted. If requested, samples will be returned to you.

**Sec. 5. Ceiling prices for different classes of purchasers.** Since the ceiling prices which you propose under the "comparability" method are those of another manufacturer to a particular class or classes of purchasers, your ceiling prices to each class of your purchasers must be computed by applying the same discounts, differentials and terms which he used. If those ceiling prices which you are able to obtain do not cover a class of purchaser to whom you wish to sell, you must on OPA Form 601-2553 propose a ceiling price to that class based on the discounts, differentials, or terms commonly prevailing in the industry for sales to that class of purchaser.

If you use the "cost" method, the ceiling price so computed applies to that class of your purchasers to whom you expect to sell the largest number of units of the article. Your ceiling prices to other classes of purchasers are to be based on the discounts, differentials, or terms for sales to those classes commonly prevailing in the trade. These must likewise be proposed on OPA Form 601-2553.

**Sec. 6. When you can sell at the proposed price.** Unless OPA notifies you not to do so, you may begin to sell and deliver articles at your new ceiling prices twenty days after you mail your report to OPA. However, if within the twenty-day period OPA asks you to furnish additional information, you may not begin to sell and deliver at your new ceiling prices until twenty days after the day you mail the information which OPA has requested. OPA may at any time order any of the new ceiling prices to be increased or decreased if it finds that you did not calculate them correctly or if it finds that you are not qualified to fix your ceiling price under this order.

**Sec. 7. Expiration of ceiling prices based on the "cost" method.** Every ceiling price based on the "cost" method which was not figured on the basis of at least three months actual experience in producing the article must be refigured on the basis of such experience during the third month of the article's production. In order to provide adequate time for figuring the revised ceilings, a ceiling as

first reported will not expire until five months from the date on which you began production of the article. If you expect to sell the article thereafter, you must file a new application with the same OPA district office on Part III of OPA Form 601-2553 showing (1) what your actual experience showed your total costs to be during the third month of the article's production and (2) a new proposed ceiling price computed as above, using experienced costs instead of the costs you first reported. This report must be filed at least thirty days before the expiration date of your ceiling price as first reported. The rules in section 6 govern when you may begin to sell at the new proposed ceiling if it is higher than the ceiling you first reported. If OPA disapproves your ceiling price as refigured for any reason, you may continue to make sales at the price you first reported under section 4 until OPA, by order, revokes your authorization to do so or fixes a different ceiling price.

**Sec. 8. Ceiling prices for persons other than the manufacturer.** OPA may, by orders, issued pursuant to this order, fix the ceiling prices of a manufacturer, and in the same order, OPA may also fix ceiling prices for sales by persons other than the manufacturer which take the place of ceiling prices fixed by other orders or regulations for sales by such persons.

**Sec. 9. Delegation of authority.** Any Regional Administrator, and any District Director so authorized, may issue, revise, amend, or revoke orders under this order.

This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 5th day of September 1945.

Issued this 25th day of August 1945.

Administrator.

#### SOLID FUELS IN BOSTON REGION

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.259 (a) (1) and 1340.260 of Revised Maximum Price Regulation No. 122, as amended, it is ordered:

(a) *Who may take the increases provided by this order.* Dealers making sales of Pennsylvania Anthracite in areas where specific prices have been established for such coal by Region I Area Price Orders under § 1340.260 of Revised Maximum Price Regulation No. 122, and who handle the higher priced anthracites specified in Appendix A have one of two options:

(1) They may automatically redetermine their maximum prices for such

higher priced anthracite on a current basis subject to the conditions outlined in paragraph (b) hereunder; or

(2) They may apply under paragraph (c) for permission to increase their prices for all sales of Pennsylvania Anthracite (with certain permitted exceptions) for a one month period based on their receipts for designated higher cost anthracite during the previous calendar month.

Dealers who are not subject to Area Price Orders may, if they wish, also apply under paragraph (c) if they do not wish to separately determine their maximum prices for each higher priced anthracite under the provisions of Revised Maximum Price Regulation No. 122.

(b) *Automatic pricing provision for dealers governed by area price orders—*

(1) *Filing statement of election to price under paragraph (b).* No dealer subject to a Region I Area Price Order under § 1340.260 of Revised Maximum Price Regulation No. 122 may, on or after September 1, 1945, continue to sell or deliver at the increased prices allowed by this paragraph (b) unless he has filed with the Regional Office of the Office of Price Administration, 55 Tremont Street, Boston, Massachusetts, a statement that he elects to price under the automatic pricing provisions of this paragraph (b), subject to the conditions and limitations of subparagraph (3) hereunder. A dealer who has filed an election to price under this paragraph (b) shall continue to price under paragraph (b) until he applies to the Boston Regional Office and obtains permission to price under paragraph (c) hereof. Dealers who elect to price under paragraph (b) of this order may not, at the same time, seek or obtain an increase under paragraph (c).

(2) *Determination of automatic increases.* Subject to the conditions and limitations set out below, dealers subject to Region I Area Price Orders who sell anthracite specified in Appendix A and who have filed the required statement of election to price under paragraph (b), may (subject to the exceptions set forth in subparagraph (4) hereof), add to the maximum per net ton price for a particular size of standard Pennsylvania Anthracite as set forth in the appropriate Area Order, an amount not to exceed the amount specified in Appendix A, for the same size of the particular higher priced anthracite which he is selling.

(3) *Conditions and limitations.* To be eligible for the increases authorized by this paragraph (b), the dealer must keep each kind of anthracite specified in Appendix A, which he may sell under the provisions of this paragraph, separate in storage and delivery from any other kind of solid fuel, and sell and invoice it under the name therein designated.

(4) *Exceptions as to amount of addition.* If the maximum price for a higher-priced Anthracite established under an area order exceeds the sum of the mine price with freight for said coal plus said dealer's margin on standard Pennsylvania Anthracite, then said dealer may continue to use such price.

(c) *Alternative pricing provision; application for a price.* Dealers making sales of the higher priced anthracites

specified in Appendix A who do not elect to price under paragraph (b) or, in the case of a dealer not subject to an area price order, under Revised Maximum Price Regulation No. 122 itself, and who prefer to mix such anthracites together and also with standard Pennsylvania Anthracite, may apply to the Boston Regional Office of the Office of Price Administration for determination of their maximum prices for all such anthracite sales to compensate for the increased cost of the higher-priced anthracite; *Provided, however*, That a dealer may nevertheless store and deliver separately (i. e., keep out of such mixture), and sell at the appropriate maximum price, any or all of the Premium Anthracites listed in Appendix A, or, in areas governed by area price orders, any named Pennsylvania Anthracite for which the maximum price in the area order reflects a differential over the price for standard Pennsylvania Anthracite greater than the differential between the respective mine prices. An application may be filed between the first and tenth day of each month based upon the proportions of anthracite having different mine costs received during the previous calendar month and should request a determination of price for a one-month period. An application may be filed only if the dealer did not take automatic increases during the previous calendar month pursuant to paragraph (b) hereof. Such application shall be in writing and set forth the following:

(i) Tonnage by sizes, of all anthracite received by the dealer during the previous calendar month and mixed together.

(ii) Tonnage by sizes, and mine price (together with producer's name) of each anthracite specified in Appendix A received during the previous calendar month and mixed.

(iii) A statement declaring that the applicant did not segregate any higher cost anthracite (except as specifically permitted above) during the previous calendar month and avail himself of the automatic increases under paragraph (b) hereof; with a separate statement as to any higher cost anthracites which were properly separately handled.

(iv) Any other pertinent information the Regional Administrator may request. The Regional Administrator will either grant or deny the application, in whole or in part, on the basis of the weighted average increase in supplier's maximum prices for anthracite based on dealer's total anthracite receipts during the previous calendar month, as compared with supplier's maximum prices established by § 1340.200 (a) (1) of Maximum Price Regulation No. 112. The order may incorporate appropriate provisions for recalculation of the permitted increase based upon changing mine costs.

(d) *Records.* Every dealer making sales of solid fuels subject to this order shall preserve, keep, and make available for examination by the Office of Price Administration complete and accurate records of the quantities of the specified anthracite purchased and sold hereunder, and a record of every sale of such fuel with respect to which an automatic increase was added under paragraph (b), showing the date of sale, the quantity

sold, the name and address of the buyer (if known), the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in this order.

(e) *Invoices, sales slips, receipts.* When a price higher than the ceiling price for standard Pennsylvania Anthracite is charged by a dealer pursuant to paragraph (b) of this order (automatic increase provision), or pursuant to an order issued under paragraph (c) of this order (special authorization by Office of Price Administration Regional Office Order), the invoice, sales slip, or receipt required to be given in connection with sales of solid fuels shall: (1) designate the higher priced anthracite sold under paragraph (b); as described in Appendix A, (e. g. "Jermyn Green" coal, etc.) and (2) if the anthracite is sold under paragraph (b) or (c), carry the following statement: "Above price authorized by OPA Region I Order No. G-73."

(f) *Definitions and explanations.* When used in this Regional Order G-73, the term:

(1) "Standard anthracite" shall mean anthracite priced at the mine under § 1340.200 (a) (1) of Maximum Price Regulation #112 and, in the case of Area Orders coal subject to schedules of prices headed "Pennsylvania Anthracite."

#### MIDDLE WEST CORP., ET AL.

#### ORDER RECONVENING HEARING, NOTICE OF AND ORDER FOR HEARING, AND ORDER OF CONSOLIDATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 23d day of August 1945.

In the matter of The Middle West Corporation and its subsidiary companies, respondents, File No. 59-5.

The Commission on the 24th day of January 1944 pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 having issued an order herein requiring, among other things, that The Middle West Corporation sever its relationship with certain properties, operations and companies,

said order providing however, that the Commission would defer decision of the issues respecting the extent to which properties of Central Illinois Public Service Company, Kentucky Utilities Company and the subsidiaries thereof, all subsidiaries of The Middle West Corporation, may be retained by The Middle West Corporation pending the conclusion of reorganization proceedings of Midland United Company and its subsidiaries under section 77B of the Bankruptcy Act in which the interest of The Middle West Corporation shall have been determined; which reorganization proceeding was then pending before the District Court of the United States for the District of Delaware; and

This Commission having since approved a plan of reorganization of Midland United Company (Hugh M. Morris, Trustee of the Estate of Midland United Company, et al.—S. E. C.—(1944), Holding Company Act Release No. 5317A) as conforming to the requirements of section 11 (f) of the act and such plan having also been approved pursuant to the provisions of the Bankruptcy Act by order of the District Court of the United States for the District of Delaware (Midland United Company, Debtor, 58 Fed. Supp. 667 (1944)) and later confirmed by said court, and which matter is now pending on appeal to the United States Circuit Court of Appeals for The Third Circuit; and

It appearing that the securities to be distributed under such plan, as confirmed, have been so distributed and that pursuant thereto The Middle West Corporation has received 224,586 shares of the common stock of Public Service Company of Indiana, Inc. representing approximately 20% of such company's outstanding common stock and approximately 5% of the company's total capitalization and surplus, per books; and

The Commission having also ordered on January 24, 1944 that determination of the application of section 11 (b) (1) respecting the holding company system of Kentucky Utilities Company should be deferred and that these issues and the issues relating to the retainability of properties by The Middle West Corporation be considered together; and

It further appearing that proceedings are now pending pursuant to sections 11 (b) (2) and 15 (f) of the act with respect to Central Illinois Public Service Company (Central Illinois Public Service Company, File No. 59-37) to determine whether voting power is fairly and equitably distributed among the security holders of Central Illinois Public Service Company, and, if not, whether it is necessary or appropriate to require that Central Illinois Public Service Company shall revise and simplify its capital structure and take other steps to effect fair and equitable distribution of voting power among its security holders and to determine whether it is necessary or appropriate in the public interest or for the protection of investors or consumers to require that Central Illinois Public Service Company restate its plant and investment, surplus, capital and other accounts; and

It appearing that a hearing should be held to determine, pursuant to the pro-

visions of section 11 (b) (1) of the act, the extent to which the interests of The Middle West Corporation in the properties of Central Illinois Public Service Company, Public Service Company of Indiana, Inc., and Kentucky Utilities Company and its subsidiaries, South Fulton Light and Power Company, Old Dominion Power Company and its subsidiary, Old Dominion Ice Corporation, and Dixie Power and Light Company may be retained by The Middle West Corporation and the extent to which Kentucky Utilities Company may retain its utility and non-utility properties; and

It appearing that a hearing should be held to determine, pursuant to the provisions of section 11 (b) (2) of the act, what steps, if any, The Middle West Corporation should be required to take (apart from what action may or may not be required to be taken pursuant to the provisions of section 11 (b) (1) of the act) in order to effect compliance with the provisions of said section; and

It appearing to the Commission that said matters with respect to the provisions of sections 11 (b) (1) and 11 (b) (2) of the act as they pertain to The Middle West Corporation are related and involve common questions of law and fact; that evidence offered in respect of each of said matters may have a bearing on the others; and that substantial savings in time, effort and expense will result if the hearings on said matters are consolidated so that they may be heard as one matter and so that evidence heretofore or hereafter adduced with respect to the proceedings under sections 11 (b) (1) and 11 (b) (2) may stand as evidence in both of said matters for all purposes;

*It is ordered*, That the hearings on said matters be and they hereby are consolidated. The Commission reserves the right if at any time it may appear conducive to an orderly and economic disposition of any of said matters to order a separate hearing concerning such matter, to close the record with respect to any of the matters, or to take action on any of the matters prior to the closing of the record on any other matter.

*It is further ordered*, That a hearing on such issues, under the applicable provisions of said act and the rules promulgated thereunder, be held on the 9th day of October 1945, at 10:30 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such hearing room as the hearing room clerk in Room 318 may designate.

*It is further ordered*, That any person desiring to be heard in connection with this proceeding, or otherwise wishing to participate therein, shall file with the Secretary of the Commission on or before October 2, 1945, his request therefor as provided by Rule XVII of the rules of practice of the Commission.

*It is further ordered*, That Henry C. Lank, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

*It is further ordered*, That particular attention shall be directed at the hearing to the following matters and questions:

(a) What steps, if any, should be required to be taken by The Middle West Corporation, Central Illinois Public Service Company, Public Service Company of Indiana, Inc., and Kentucky Utilities Company and their subsidiaries so that the operations of The Middle West Corporation and Kentucky Utilities Company will be confined to single integrated utility systems and additional systems and other businesses within the limitations of section 11 (b) (1) of the act, and without limiting the scope of the foregoing.

(1) To what extent the utility properties of Central Illinois Public Service Company, Kentucky Utilities Company and its subsidiaries, and Public Service Company of Indiana, Inc. constitute one or more single integrated utility systems within the definitions contained in section 2 (a) (29) of the act;

(2) To what extent any such integrated systems, if there be more than one single system, may be retained together in the same holding company system;

(3) To what extent the non-utility operations or businesses conducted by the respective companies named above may be retained with any one or more of such integrated utility system or systems;

(4) To what extent any of such utility systems or non-utility operations or businesses may be retained by The Middle West Corporation, directly or indirectly, pursuant to the provisions of section 11 (b) (1) and other applicable provisions of the act; and

(5) To what extent Kentucky Utilities Company may retain its utility and non-utility properties under the provisions of section 11 (b) (1).

(b) What steps, if any, should be required to be taken by The Middle West Corporation and its subsidiaries, Central Illinois Public Service Company, Public Service Company of Indiana, Inc. and Kentucky Utilities Company to ensure that the corporate structure or continued existence of any of such companies in the holding company system or systems does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of such holding company system or systems within the meaning of section 11 (b) (2) of the act, and without limiting the scope of the foregoing.

(1) Whether The Middle West Corporation shall cease to be a holding company with respect to Central Illinois Public Service Company and/or Public Service Company of Indiana, Inc.;

(2) Whether the continued existence of The Middle West Corporation should be terminated.

*It is further ordered*, That the Secretary of this Commission shall serve notice of the aforesaid hearing by mailing a copy of this order to The Middle West Corporation, Central Illinois Public Service Company, Public Service Company of Indiana, Inc., Kentucky Utilities Company, South Fulton Light and Power Company, Old Dominion Power Company, Old Dominion Ice Corporation and Dixie

Power and Light Company by registered mail; and that notice of said hearing is hereby given to the security holders and consumers of said companies and the State municipalities and political subdivisions of States within which are located any of the utility assets of such companies or under the laws of which any of such companies are incorporated, all State commissions, State securities commissions and all agencies, authorities, judicial bodies or instrumentalities of The United States of America and of one or more States, municipalities or other political subdivisions having jurisdiction over such companies, or over any of the businesses, affairs, or operations of any of them; that such notice shall be further given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

denying effectiveness to such amended declaration.

Notice is hereby given that The North American Company has now filed on August 22, 1945, its fifth amendment to its declaration proposing the reoffering for sale at competitive bidding, pursuant to the provisions of Rule U-50, of said shares of common stock of Pacific Gas and Electric Company by The North American Company, the redemption of its Preferred Stock, 6% Series, and the modification of its Loan Agreement securing certain bank loan notes. The North American Company proposes to sell 700,000 shares of its holdings of 1,348,192 shares of common stock of Pacific Gas and Electric Company, a subsidiary of The North American Company, if market conditions are favorable, and will, in accordance with the competitive bidding requirements of Rule U-50, invite sealed written proposals for the purchase of such stock. The North American Company states that, under present conditions, it believes it can obtain the highest price for the common stock of Pacific Gas and Electric Company by means of a sale of such stock off the New York Stock Exchange.

The North American Company proposes to apply the net proceeds from the sale of the stock, together with certain other current assets, to the redemption of all of its outstanding shares of Preferred Stock, 6% Series, of the par value of \$50 and aggregating 606,359 shares, at the redemption price of \$55 per share or an aggregate redemption price of \$33,349,745 plus accrued dividends.

In connection with the above-described transactions, The North American Company also proposes to modify its Loan Agreement dated August 3, 1943, with The Chase National Bank of the City of New York and certain other banks and the Custodian Agreement referred to in the Loan Agreement, by means of a Supplemental Agreement providing for certain waivers and consents by the holders of the bank loan notes and providing for a reallocation of the principal amounts of the bank loan notes of Series A, B, C, D, and E but without any change in the aggregate principal amount of all of such notes or in the maturities, rate of interest and other characteristics thereof.

The North American Company requests authority to stabilize the price of the common stock of Pacific Gas and Electric Company on the New York Stock Exchange, the San Francisco Stock Exchange and the Los Angeles Stock Exchange during the period commencing at 10 a. m. on the day fixed for the opening by declarant of the proposals for the purchase of the 700,000 shares of common stock of Pacific Gas and Electric Company and ending at the time of the opening of such proposals.

The Commission deeming it appropriate that the proceedings herein be reopened and hearings reconvened for the

purpose of affording an opportunity to all interested parties to present evidence and to be heard in respect to the proposed transactions set forth and contained in the declaration filed herein, as amended by declarant's fifth amendment filed on August 22, 1945; and that appropriate notice thereof be given to all interested persons;

*It is ordered*, That the proceedings herein be reopened and the hearing be reconvened for the purpose of presentation of evidence and taking of testimony with respect to the matters presented by the declaration as amended by declarant's fifth amendment filed on August 22, 1945.

*It is further ordered*, That the hearing upon said matters shall be held under the applicable provisions of the Act and Rules promulgated thereunder on the 30th day of August 1945 at 10 a. m., e. v. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated at such time by the hearing room clerk in Room 318.

*It is further ordered*, That any person desiring to be heard or otherwise wishing to participate in the proceedings, shall file with the Secretary of the Commission on or before August 23, 1945, his application therefor, as provided by Rule XVII of the rules of practice of the Commission.

*It is further ordered*, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. [Special Order 18]

**ABANDONMENT OF SURPLUS SUBMARINE AND TORPEDO NETS**

The Navy Department has reported that it has at present approximately 40,000 feet (expressed in length of panels) of used submarine and torpedo nets, which are surplus to its needs, and that it will in the future have additional quantities of such surplus, of which submarine nets will constitute the great bulk.

The Navy Department has submitted its findings to the Surplus Property Board that "these nets, with the excep-

tion of certain heavy-duty jack-stay clamps or sockets at the end of each panel, have no commercial value, even as scrap, and that because of their location, condition and the nature of their construction, the cost of removal, care, handling, and disposition would far exceed any sales price which could be obtained; and that in most cases the immediate destruction or abandonment at sea of these nets will be necessary and desirable because of the nature of the property and the expense and difficulty of its care and handling."

Because of the fact that submarine and torpedo nets have no established civilian utility and because of the difficulty of handling them and the need for cleaning when brought ashore, it is not deemed feasible or economical to bring such nets ashore solely because of the possibility of donating them to an institution or agency supported by the Federal Government or a State or local government, or to a non-profit educational or charitable organization.

In reliance upon the findings of the Navy Department recited above, and pursuant to section 13 (b) of the Surplus Property Act of 1944 (58 Stat. 765; 50 U. S. C. App. Sup. 1611, *It is hereby ordered, That:*

1. The Navy Department is hereby authorized: (a) to abandon at sea or ashore all surplus unserviceable submarine and torpedo net material which is now ashore or which may hereafter be brought ashore, after salvaging all heavy-duty jack-stay clamps or sockets attached thereto which warrant salvage; (b) to abandon at sea all such unserviceable submarine and torpedo net material as has not yet been brought ashore, without attempting salvage of the heavy-duty jack-stay clamps or sockets attached thereto.

2. In view of the fact that the nature of this property and the expense and difficulty of its care and handling are such as to render its abandonment at sea necessary and desirable, the Navy Department shall not be required to give notice of any proposed abandonment of such property which is still at sea or to attempt to dispose of such property in any other way. However, as to such property which is already ashore or may hereafter be brought ashore, no abandonment shall be effected until thirty (30) days after public notice of the proposed abandonment has been given and an attempt has been made to dispose of such property otherwise, either by sale as scrap or salvage under the provisions of § 8309.17 of Surplus Property Board Regulation 9 (10 F.R. 7413, 8866) or by donation to any institution or agency supported by the Federal Government or any State or local government, or to any non-profit educational or charitable institution, unless in the opinion of the Navy Department the prompt removal of the property is demanded by urgent military requirements or considerations of health, or because of the expense or difficulty of care and handling, in which event such notice need not be given. A copy of every such thirty-day notice shall be given the Board at the beginning of each such thirty-day period.

3. The Navy Department shall keep records of the amount of property abandoned under the authority of this order.

This order shall become effective August 21, 1945.

NOTE: All reporting requirements of this part have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

## WAR PRODUCTION BOARD.

[C-415]

THE PITTSBURGH COURIER PUBLISHING CO.  
CONSENT ORDER

The Pittsburgh Courier Publishing Company, Inc., 2628 Centre Avenue, Pittsburgh, Pa., a corporation, publisher of the Pittsburgh Courier, a weekly paper bearing a Saturday date line and distributed throughout the United States, has been charged by the War Production Board with having violated Limitation Order L-240 during the third quarter of 1943, fourth quarter of 1943, and first quarter of 1944, in using, or causing to be used, a total of 93.53 tons of print paper in excess of the quota of print paper which it was permitted to consume dur-

ing the said quarters under the provisions of Limitation Order L-240. This has been confirmed at a hearing of this matter, before a Compliance Commissioner; and The Pittsburgh Courier Publishing Company, Inc., does not desire to question the violations as charged further. The company maintains that this over-consumption of newsprint occurred through a miscalculation of its base period quota, and has effected certain economies in its consumption of newsprint to decrease the amount of such use. Since the violations have been admitted with the explanations stated, and the company does not desire to contest the matter further, an agreement has been reached by the company and War Production Board, as hereinafter stated:

During each of the second, third, and fourth quarters of 1944, said company has consumed less than its authorized quota of newsprint in the publication of the Pittsburgh Courier, and as of the end of the second quarter of 1945 has a carry-over from this savings of 67.03 tons.

Wherefore, upon the agreement and consent of The Pittsburgh Courier Publishing Company, Inc., the Regional Compliance Chief, the Regional Attorney and upon the approval of the Compliance Commissioner, *It is hereby ordered, That:*

(a) During the third quarter of 1945, The Pittsburgh Courier Publishing Co., Inc., shall credit 23.03 tons of its savings, or carry-over of newsprint of a total of 67.03 tons, upon its overconsumption of newsprint as above stated, in the

amount of 93.53 tons, leaving a balance to be compensated or made up of 70.50 tons of newsprint.

(b) During the fourth quarter of 1945, the first quarter of 1946, and the second quarter of 1946, The Pittsburgh Courier Publishing Company, Inc., shall reduce its consumption of print paper in the printing of the above-mentioned Pittsburgh Courier, not less than 23.50 tons each quarter under its consumption quota for that quarter permitted by WPB Limitation Order L-240, or until it has made up its over-consumption balance of 70.50 tons.

(c) Nothing contained in this order shall be deemed to relieve The Pittsburgh Courier Publishing Co., Inc., from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) The restrictions and prohibitions contained herein shall apply to The Pittsburgh Courier Publishing Co., Inc. its successors and assigns, or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 24th day of August 1945.

Recording Secretary.
